California Smart Traveler System Robert W. Behnke,1992 *George Lucas* George Lucas,1999 A director producer and writer George Lucas is the power behind The Force The son of a conservative small town businessman he grew up to become arguably the most identifiable and popular filmmaker in the history of the medium Yet unlike his more publicly engaged contemporaries Lucas rarely grants reporters an audience This first book of Lucas s interviews affords fans and students of film and science fiction a rare opportunity Editor Sally Kline collects conversations from the reticent director spanning Lucas s entire career from the making of his first film 1971 s THX 1138 through American Graffiti the triumph of the Star Wars trilogy and even a 1999 interview given while awaiting the release of Star Wars Episode One The Phantom Menace In interviews from venues such as Rolling Stone Playboy and American Film Lucas reveals his distrust of the Hollywood establishment his love for making movies and his unambiguous values and how those values translate into the epic clash between good and evil created when he explores characters like Darth Vader and Luke Skywalker Lucas revolutionized the movie industry and created the most successful film series of all time Along with films of his close friend Steven Spielberg Lucas s releases invented the notion of blockbuster movies Before the end of the millennium he could count the loyal fans of the Star Wars trilogy in the millions Sally Kline is film critic for The Journal newspapers She has worked as a film commentator on a number of Washington D C radio stations and as a guest lecturer at George Washington University A freelance writer and researcher she has contributed to two books including a biography of Robert F Kennedy **Media Journal** Joseph D. Harris,Jay Rosen,Gary Calpas,1999 In this book we ask students to do three things 1 To keep a media journal in which they reflect on the uses they make of the voices and images of popular culture 2 to read and respond to the work of other media critics to test their own views and experiences against those of the writers included in these pages and 3 to try their hands at writing media criticism themselves All three kinds of work ask students to find and write about texts from the media culture around them to think critically about what they see and hear on their television sets and radios in magazines and newspapers on city streets and shopping malls at the movies and at concerts and clubs To put it another way we believe that a book such as this can provide only some of the materials for a course on writing about popular culture that the remaining materials must always come from the media themselves and the experiences students have with them Our aim is not to inculcate students with a certain set of critical methods or terms or to introduce them to the academic study of popular culture but to offer them opportunities to rethink and write about their own experiences with the media to come to their own understandings of our common culture **New York Magazine** ,1981-10-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of
