Ordinary Genius A Guide For The Poet Within:

Ordinary Genius Kim Addonizio, 2013-01-14 In this fresh approach to writing poetry the coauthor of the perennially popular *The Poet's Companion* offers sharp insights into the craft of writing. The creative process is just that: it maintains Kim Addonizio. Not a means to an end but an ongoing participation. A widely acclaimed poet and finalist for the National Book Award, Addonizio meditates on her own process as she encourages writers to explore both their personal and political worlds to seek inspiration from poets new and old and to discover the rich poetic resources of the Internet. Lively, accessible, and informative, *Ordinary Genius* provides wisdom gleaned through personal experience and offers a heady variety of writing exercises. Chapters on gender, addiction, race, and class metaphor and line invite each individual writer to find and to hone his or her unique voice. This is the perfect book for both experienced writers and beginners eager to glimpse the angel of poetry.

Wreading Jed Rasula, 2022-03-29 Jed Rasula is a preeminent scholar of avant garde poetics noted for his erudition, intellectual range, and critical independence. He is also a gifted writer; his recent books have won praise for their entertaining, clear prose in addition to their scholarship. He is also an alumnus of UAP's distinguished Modern and Contemporary Poetics series, which published his *Syncopations* fifteen years ago. Rasula returns to the MCP series with *Wreading*. A collection of essays, interviews, and occasional writings that reflects the breadth and diversity of his curiosity. One of the referees likened *Wreading* to a victory lap but one that sets its own further record in the taking. This is a collection of highlights from Rasula's shorter critical pieces but also a carefully assembled and revised intellectual autobiography. *Wreading* consists of two parts: an assortment of Rasula's solo criticism and selected interviews and conversations with other critics and scholars. Evelyn Reilly, Leonard Schwartz, Tony Tost, Mike Chasar, Joel Bettridge, and Ming Qian Ma. The collection opens with a trio of essays that complicate the idea of a poet. By interrogating the selection of poets for anthologies in the 20th century, Rasula identifies a host of forgotten poets once prominent but now forgotten. Another essay on the state of the poetry anthology reveals how much influence literary gatekeepers have and what a reimagining of the anthology form could make possible. In subsequent chapters, Rasula finds surprising overlap between Dada and Ralph Waldo Emerson; charts the deep links between image and poetic inspiration; and reckons with Ron Silliman's *The Alphabet*, a UAP classic. In the book's second half, Rasula engages in detailed conversations with a roster of fellow critics. Their exchanges confront ecopoetics, the corporate university, the sheer volume of contemporary poetry, and more. This substantial set of dialogues gives readers a glimpse inside a master critic's deeply informed critical practice and lists his intellectual touchstones. The balance between essay and interview achieves a distillation of Rasula's long-established idea of wreading. In his original use, the term denotes how any act of criticism inherently adds to the body of writing that it purports to read; how Rasula couldn't help but participate in his favorite poems. In this latest form, *Wreading* captures a critical perception that sparks insight and imagination no matter what it sees.
