The Manager's Guide to Simple, Strategic,

Service-Oriented Business Continuity Rachelle Loyear, MBCP, AFBCI, CISM, PMP,2017-05-10 You have the knowledge and skill to create a workable Business Continuity Management BCM program but too often your projects are stalled while you

attempt to get the right information from the right person Rachelle Loyear experienced these struggles for years before she successfully revamped and reinvented her company's BCM program In The Manager's Guide to Simple Strategic Service Oriented Business Continuity she takes you through the practical steps to get your program back on track Rachelle Loyear understands your situation well Her challenge was to manage BCM in a large enterprise that required hundreds of BC plans to be created and updated The frustrating reality she faced was that subject matter experts in various departments held the

critical information she needed but few were willing to write their parts of the plan. She tried and failed using all the usual methods to educate and motivate and even threaten departments to meet her deadlines. Finally she decided there had to be a better way. The result was an incredibly successful BCM program that was adopted by BCM managers in other companies. She calls it The Three S's of BCM Success which can be summarized as Simple Strategic Service Oriented. Loyear's approach is easy and intuitive considering the BCM discipline from the point of view of the people in your organization who are tasked to work with you on building the plans and program. She found that most people prefer Simple solutions when they are faced with something new and different. Strategic use of their time making their efforts pay off. Service to be provided lightening their part of the load while still meeting all the basic requirements. These tactics explain why the 3S program works. It helps you, it helps your program and it helps your program partners. Loyear says If you follow the Three S philosophy the number of plans you need to document will be fewer and the plans will be simpler and easier to produce. I've seen this method succeed repeatedly when the traditional method of handing a business leader a form to fill out or a piece of software to use has failed to produce quality plans in a timely manner. In *The Manager's Guide to Simple Strategic Service Oriented Business Continuity* Loyear shows you how to Completely change your approach to the problems of BCM buy in. Find new ways to engage and support your BCM program partners and subject matter experts. Develop easier to use policies, procedures and plans. Improve your overall relationships with everyone involved in your BCM program. Craft a program that works around the roadblocks rather than running headlong into them.

Resources in Education, 1976 *Teaching and Learning the West Point Way*
Morten G. Ender, Raymond A. Kimball, Rachel M. Sondheimer, Jakob C. Bruhl, 2021-05-12 *Teaching and Learning the West Point Way* is a unique compendium of the best teaching and learning practices from one of the most celebrated and storied undergraduate teaching and learning environments and institutions in America the United States Military Academy at West Point New York USA. Drawing on the broad academic curriculum that the students follow at West Point in addition to military leadership character development and competitive athletics this book describes proven and effective undergraduate pedagogy across a number of academic disciplines. Case studies, strategies and techniques, empirical teaching and learning research results, syllabi and assignments developed and deployed by West Point faculty are included which faculty in other higher education institutions can adapt and apply to their own programs and courses. An accompanying companion website provides additional syllabi, course guides, lesson plans, PowerPoint activities and lecture slides as well as videos of the editors and authors discussing how key concepts in their chapters might be applied in different teaching and learning contexts. This is an opportunity to gain an in depth insight into the programs and practices inside one of the world's premier leadership development and educational institutions. It should appeal to new and experienced faculty and administrators interested in course creation and syllabus design across a wide range of disciplines in educational institutions and military academies across the globe.
