Web3 Alex Tapscott, 2023-09-19 A WALL STREET JOURNAL AND GLOBE AND MAIL BESTSELLER. An essential introduction and guide to navigating the next Internet revolution, everything from the metaverse and NFTs to DAOs, decentralized finance, and self-sovereign identity. From the co-author of the international bestseller Blockchain Revolution: The Web and with it the Internet are entering a new age. We've moved from the Read-only Web, which had little functionality for interacting with content, to the Read-Write Web, which offered seemingly endless collaborative opportunities, from sharing with our favorite people to shopping at our favorite brands. But the profusion of cyberattacks, data hacks, and online profiling have left many of us to view digital life as a Faustian bargain in need of a major rethink. That rethink is Web3: the Read-Write Own Web, a decentralized Internet where individuals own their own identities and can securely trade assets like money, securities, intellectual property, and art, peer-to-peer. Made possible by blockchain's foundational technology of bitcoin, Web3 promises the biggest shake-up of business since the invention of double-entry bookkeeping in the Middle Ages. It is the Internet's new frontier. In Web3, award-winning author and technology investor Alex Tapscott provides a cutting-edge guide to the Internet's next era. Covering everything from the metaverse and non-fungible tokens to DAOs, decentralized finance, and self-sovereign identity, this indispensable forward-thinking book describes the building blocks and often hidden technologies that will be foundational to our cultural and economic progress.

Ethics and Business Paul C. Godfrey, Laura E. Jacobus, 2022-12-22. Ethics Business: An Integrated Approach for Business and Personal Success, 1st Edition. International Adaptation gives students the practical knowledge and skills to identify ethical dilemmas, understand ethical behavior in themselves and others, and advocate for ethical behavior within their organization. The course focuses on three ethical questions: the individual, the organization, and the societal perspective. These questions and views explore different areas of business ethics, such as the use and abuse of power, challenges to honesty and integrity, and participation in ethical interventions, such as reporting, repair, forgiveness, and reconciliation. Most business ethics courses are

based on a single point of view Depending on the viewpoint this might be based on philosophical theory organizational behavior or a legal and regulatory compliance approach As an author team we combine and integrate these points of view into a unified whole by incorporating unique content original videos and adaptable case studies to assist students in making ethical decisions in their professional and personal lives This International Adaptation explores different areas of business ethics such as the use and abuse of power challenges to honesty and integrity and participation in ethical interventions such as reporting repair forgiveness and reconciliation Every chapter now includes new questions to help readers test their understanding of the subject There is also new mini cases that are contemporary and more relevant to the global scenario
