Duplicity Curtis Malone,2025-09-30 In *Duplicity Basketball Drugs and My Double Life* Curtis Malone offers readers a detailed look at his complicated life by sharing a powerful tale of hypocrisy greed betrayal failed dreams and renewed hope Curtis Malone had the charisma vision and connections to become a giant in the world of grassroots basketball He didn t just build teams he built futures transforming raw talent into college scholarships and NBA dreams On the surface he was a mentor a role model and a community leader But beneath that polished exterior lay a man caught in a dangerous web of ambition survival and duplicity that has been misunderstood and miscast by many in sports media *Duplicity* dives into the double life of Curtis Malone a man whose drive for power and provision blurred the lines between right and wrong Basketball gave him purpose a way to inspire and uplift But the streets offered him quick money and the means to maintain his image as a provider not just for his family but for the community he desperately wanted to support Curtis takes readers on an emotional journey as he grapples with identity manhood and the weight of his decisions He believed he could play both sides using basketball to save lives and drugs to sustain them But as the lines between these worlds blur the question looms Was he really helping or was he only perpetuating the cycles he hoped to break *Duplicity* is a gripping exploration of power loyalty and the choices that define us It challenges readers to consider the cost of ambition and the fragility of a life built on two conflicting foundations **F&S Index United States Annual** ,1999 **Golden Kicks** Jason Coles,2016-09-22 Many

of a global labor market Part I provides an overview of global labor challenges from a broad variety of perspectives including economics public policy philosophy and strategic management The facts and contention of the new sweatshop school of thought are analyzed along with industrialization and utilization of labor in developing countries the application of basic human rights to the circumstances of workers the unique role of nongovernmental organizations in the debate over global labor practices and the Total Responsibility Management approach to implementing improved labor practices Part II analyzes case studies based on original field research of well known global corporations The examined programs provide examples of innovative responses by multinational firms the International Labor Organization and other NGOs to challenges regarding global labor practices These cases can help other firms avoid the unhappy dilemma of either exploiting workers and enduring a public relations backlash or terminating operations in various developing nations The true solution lies in companies respecting worker rights while benefiting from the economic advantages of a global labor market *NV Magazine* ,2004-02
