**FINDING REAGAN** Kent Strobl, 2025-06-29 There are many Ronald Reagan biographies and novels pertaining to the life and administration of the former president. However, there are very few if any that look at a handful of his positions and policies while relating them to the year 2024, almost four decades since former President Reagan was in office. Just like how Reagan himself would do while in office, analogies will be made that include the positions, actions, and wisdom of other former presidents including Abraham Lincoln, George Washington, Thomas Jefferson, James Madison, Dwight D. Eisenhower, John F. Kennedy, Franklin Delano Roosevelt, Theodore Roosevelt, and Calvin Coolidge. Not only will the reader explore how Reagan dealt with domestic and foreign affairs including tax reform, welfare, government spending, civil rights, dealing with the Soviet Union, and the Middle East, as well as other areas of the world, the reader will also see just how similar the world is to the 1980s and how solutions then can be used now along with new ideas that build off of what worked for The Gipper. Along the way, the reader will see how a private citizen that can be considered as Gen Z found his way into politics after not really being interested in it in the first 25 years of his life, demonstrating how if you do not do the research on your own, you can fall victim to what the mainstream pundits are sharing.

**2025 Oscar Nominations** Letis Mauve, 2025-01-25 2025 Oscar Nominations The Oscars represent the pinnacle of cinematic achievement, and every year the journey to Hollywood's biggest night is filled with suspense, triumphs, and surprises. This book looks into the exciting world of the 2025 awards season, exploring how films and performances fared at key precursor events like the Golden Globes, SAG Awards, Critics' Choice, and BAFTAs. This engaging analysis highlights the frontrunners, unexpected nominees, and the performances that left lasting impressions. From the groundbreaking success of Emilia P. rez and its historic nominations to Adrien Brody's award-winning performance in *The Brutalist* and Demi Moore's career-defining role in *The Substance*, the book provides an in-depth look at how momentum is built on the path to Oscar glory. Perfect for film enthusiasts, industry insiders, and casual fans, *2025 Oscar Nominations* captures the excitement, drama, and unpredictability of awards season, offering thoughtful predictions and insights into who might walk away with the golden statue. This book is a must-read for anyone fascinated by the art and competition of the film industry.

**And the Oscar Goes To... (An Application and Comparison of Models Used to Predict the Winner of the Academy Award for Best Picture)**. Joshua Slayton, 2021 Each year the Academy of Motion Picture Arts and Sciences recognizes exceptional achievements in cinema with its Oscars ceremony. Of all the awards handed out at this annual celebration, the Academy Award for Best Picture is arguably the most coveted. This project involves using historical Oscars data as well as data from other awards shows such as the Golden Globes to develop and compare models for predicting the winners of the Academy Award for Best Picture. In particular, models using both logistic regression and decision tree classification will be developed. Model performance will be evaluated using the leave one out cross-validation procedure to compute prediction accuracies and root mean square errors for each model. These measures will allow direct

comparisons between the models to be made which should lead to some interesting results For example models that incorporate more than just Oscar nominations data perform better unsurprisingly than those that do not Also as will be discussed the decision tree classification models all have higher prediction accuracies than their corresponding logistic regression models The predictions that the best logistic regression and decision tree classification models got most incorrect will be explored Finally the models generated through this project will be applied to make predictions for this year s Best Picture winner to be announced on April 25 2021
