A Sermon Preached in the Unitarian Church at Northfield, Mass., by ... J. T. Sutherland, September 19, 1875, Etc** American Unitarian Association, 1875 *Byzantine Incursions on the Borders of Philosophy* Bruce V. Foltz, 2019-08-21 This book represents a series of incursions or philosophical forays between realms of Byzantine and Russian thought and territory long claimed by Western philosophy and theology Beginning with thoughts inevitably rooted in the West it seeks to penetrate as deeply as possible into Byzantine and Russian philosophical and spiritual landscapes and to return with fresh insights These are also incursions that move back and forth between the visible and the invisible realms in the traditions of Plato and his successors as well as the great monastics of Eastern Christianity Foltz argues from various perspectives that the problematic relation between transcendence and immanence finds its answer in the philosophical and theological legacy of Eastern Christian thought which has always sought to bring together strands tenaciously held separate in the West This book transports contemporary readers to an ancient conceptual landscape as it expertly handles both Western and Byzantine ideas with a familiarity unusual to contemporary scholars It is essential reading for all those wishing to engage the heart of Byzantine thought and employ its lessons to address the problems which plague Western philosophy and culture **The American Catalogue of Books, (original and Reprints,).** James Kelly, 1938 Orthodoxy: Its Truths And Errors James Freeman Clarke, 2020-03-16 In *Orthodoxy Its Truths And Errors* by James Freeman Clarke the author delves into the various facets of religious orthodoxy exploring both its truths and errors Clarke s writing style is both insightful and eloquent offering readers a well researched and thought provoking analysis of different religious beliefs and their impact on society Written in the mid 19th century the book provides a historical perspective on the topic shedding light on the religious debates of the time Clarke s nuanced approach to the subject matter makes this book a valuable resource for anyone interested in theology and religious studies James Freeman

Clarke a prominent theologian and philosopher drew from his background in Unitarianism and Transcendentalism to write *Orthodoxy Its Truths And Errors* His deep understanding of religious traditions and his commitment to intellectual inquiry are evident in the book making it a seminal work in the field of theological literature Clarke s unique perspective and insightful observations make this book a classic in the realm of religious scholarship I highly recommend *Orthodoxy Its Truths And Errors* to readers who are interested in exploring the intersection of religion philosophy and society Clarke s thorough analysis and thought provoking insights make this book a must read for those seeking a deeper understanding of religious orthodoxy and its implications
