The Parallel Curriculum Model (PCM) as described in the best-selling book *The Parallel Curriculum* is a framework for developing a dynamic curriculum that helps students acquire expertise in specific subject areas. This resource deepens teachers' understanding of how to use the PCM to provide rigorous learning opportunities for students in social studies. In *Parallel Curriculum Units for Social Studies Grades 6-12*, experienced teachers contribute sample social studies units that demonstrate what high-quality curriculum looks like within a PCM framework. Covering history, geography, sociology, and interdisciplinary studies, these field-tested units each contain Teacher explanations of the unit design, Connections to concepts, skills, and standards, Step-by-step directions for delivering the lessons, and units. Modification strategies and methods for assessment. Use these examples to design your own units and enhance your ability to provide challenging curriculum tailored to the abilities, interests, and learning preferences of each learner. **Parallel**

Approximately 5-7 lessons of each content area will be provided in every chapter in this handy resource. The opening chapter defines what *The Parallel Curriculum* is and discusses how this researched-based curriculum can be created and utilized for gifted learners, learners with special needs, as well as general education students. Recognizing that curricula should be flexible to meet the needs of all learners, *The Parallel Curriculum Model Unit Book K-5* provides an educational rationale for developing a new curriculum model, gives a brief overview of the theoretical underpinnings of the model, and aims to help practitioners apply the specific units and lessons in the classroom. **Research in Education**
