from her native Japan she embarked on a series of works that forged a new visual vocabulary the Net paintings which were composed of scores of small thickly painted loops spanning large canvases Her singular approach to art making continued in other extraordinary bodies of work including the phallic soft sculptures which she later incorporated into full scale environments In 1973 she returned to Japan where she lives and works today Since then she has created dazzling walk in

mirror rooms and her now famous pumpkin sculptures as well as writing poetry and novels In this book created in close collaboration with Kusama and her Tokyo studio the breadth and import of this watershed artist s career are considered in

depth In addition to studies of the development of her artistic vocabularies across different media the book includes ephemera sketches and photographs from the artist s extensive archive that have never been seen before The publication is timed to coincide with the artist s major touring retrospective which makes its American debut at the Whitney Museum in New York in summer 2012 as well as with the much anticipated collaboration with powerhouse fashion brand Louis Vuitton
