Panzer General User Manual:

Panzer General Kenneth Macksey, 2018-02-06 Kenneth Macksey's highly regarded biography of Generaloberst Heinz Guderian gives clear insight into the mind and motives of the father of modern tank warfare. Panzer General shows Guderian as a man of ideas equipped with the ability to turn inspiration into reality. A master of strategy and tactics, he was the officer most responsible for creating blitzkrieg in World War II. Guderian built the Panzerwaffe in the face of opposition from the German General Staff and personally led the lightning campaigns by tanks and aircraft that put a large part of Europe under domination by the Third Reich. Kenneth Macksey, a tank man himself for more than twenty years, reveals the man as a brilliant rebel in search of ideals and a general whose personality, genius, and achievements far transcended those of Rommel. As well as throwing light on the crucial campaigns in Poland, France, and Russia, this biography illuminates the struggles within the German hierarchy, both in the military and in the Nazi Party, for control of the Panzer forces. Based on information from the extensive family archives, Panzer General demonstrates why Guderian was so admired by some while denigrated by others.

The Software Encyclopedia 2000 Bowker Editorial Staff, 2000-05 **Guderian's Panzers** Craig W.H. Luther, 2025-09-09

From unstoppable blitzkrieg to brutal defeat follow Guderian's panzers as they race toward Moscow and collide with disaster. On June 22, 1941, Nazi Germany launched Operation Barbarossa, the surprise invasion of the Soviet Union that opened the Eastern Front in World War II. With lightning speed and devastating success, the German army tore through Soviet territory and rolled over the Red Army, scoring some of the most dramatic victories in military history until the blitzkrieg bogged down during the approach on Moscow. At the spearhead of the attack was General Heinz Guderian, one of the most celebrated and controversial commanders of the war, who commanded a tank group in the center of the German front that stretched from the Baltic to the Black Sea. Guderian's Panzers reconstructs Barbarossa from the perspective of Generaloberst Guderian and his 2nd Panzer Group. With the German war machine at the height of its martial prowess in June 1941, Guderian's group of 250,000 men and 900 tanks rapidly broke through the Soviet frontier defenses and thrust some 600 kilometers into Soviet Russia in a matter of weeks, playing an integral part in the successful encirclement battles of Belostok, Minsk, June–July 1941, and Smolensk, July–August 1941, each of these battles resulting in the loss of several Soviet armies and hundreds of thousands of prisoners. Despite having sustained alarming losses of personnel and equipment in these opening battles, Guderian pushed his men and himself to even greater achievements, culminating in the triumphant cauldron Battle of Kiev in the Ukraine, September 1941, that obliterated the Soviet Southwestern Front and resulted in the capture of over 600,000 Red Army POWs. It was perhaps Germany's greatest victory in WWII, and Guderian had made it happen. In October–November 1941, the German Ostheer, Eastern Army, launched a desperate attempt to seize Moscow, and once again Heinz Guderian and his tank troops were at the forward edge of battle. Yet by the end of November, the entire German offensive exhausted, stretched thin, dangerously reduced in strength, and suddenly largely paralyzed by the fall rain and snow, had ground to a halt.

Meanwhile in early December the resurgent Red Army launched a major counteroffensive that in the weeks ahead not only threatened Guderian's forces with annihilation but those German Army Group Center with large Guderian and the Ostheer as a whole were now trapped in a remorseless war of attrition they could never win Refusing his superiors orders to stand fast in the face to the advancing Soviet juggernaut Guderian continued to jerk back in retreat with the remnants of his forces and thus was relieved of his command on 26 December 1941 Military historian and Eastern Front expert Craig Luther draws on new material from letters to diaries to tell the story of Guderian's armored force during Operation Barbarossa and fleshes out the story with vivid firsthand accounts from the soldiers who slugged it out with the Red Army on the Eastern Front The book traces the ups and downs of Guderian and his panzer group during six pivotal months of World War II and explains why and how the Germans especially its panzers achieved such impressive successes only to be defeated on Moscow's doorstep

The Software Encyclopedia, 1988 *Guderian* Kenneth Macksey, 2017-07-30 Born in Kulm Germany on 17 June 1888 Heinz Wilhelm Guderian was the son of an army officer He eventually joined the German Army and was commissioned in the Jaegers in 1908 where he became a communications specialist He fought in the First World War and afterwards was a member of the right wing Freikorps units Between the wars Guderian became a catalyst for developing a Panzer division in the German Army By February 1938 he had been promoted to Lieutenant General later that year Hitler appointed Guderian to the new post of Chief of Mobile Troops Guderian was a man of ideas equipped with the ability to turn inspiration into reality A master of strategy and tactics he was the officer who led the attack on Poland in September and in so doing introduced the world to the reality of Blitzkrieg This biography draws on material from Enigma sources and information taken directly from the extensive Guderian family archives to explore the man who was partly responsible for the development of modern tank warfare and who is considered to be the father of Blitzkrieg The author also looks at Guderian's reaction to the July 1944 plot to kill Hitler as well as illuminates the struggles within the German hierarchy in the process investigating why Guderian was so admired by some while denigrated by others *Software Reviews on File*, 1995
