Soft Power beyond the Nation Sylvia Dummer Scheel, Charlotte Faucher, Camila Gatica Mizala, 2024-11-01. An innovative interdisciplinary perspective on soft power in history moving beyond the framework of the nation state. Starting in the nineteenth century as world events became more interconnected than ever and as public opinion began to weigh on democratic governments nations employed new communication strategies and propaganda to gain global influence and prestige. Soft power strategies were used by different nation states and by supranational and nonstate actors that wanted to gain influence on the international stage. *Soft Power Beyond the Nation* takes a distinct approach to the study of soft power in history moving beyond the framework of the nation state. The volume editors use soft power to refer to the processes through which persuasion the search for influence and power and public opinion converge in the international arena. The book is organized on the basis of three central themes the transnational circulation of knowledge and strategies of public diplomacy across borders collaboration of intermediary actors of soft power whose interests did not always coincide with those of the state and the role played by nonnational identities such as gender and race in soft power. *Soft Power Beyond the Nation* enriches the historiographical study of soft power broadening its temporal and spatial scope and refreshing it with new perspectives on transnationalism gender and race. This book will be of interest to scholars and students of history and international relations.

New York's only museum dedicated solely to the art of fashion. This lavishly illustrated book is edited by MFIT's director and chief curator Valerie Steele, also the author of the acclaimed *Paris Fashion: A Cultural History*. This new book opens with an important essay on how and why Paris became famous as the international capital of fashion. Steele traces how the mythic aura of Parisian fashion was constructed over generations as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture. Yet Paris has faced repeated challenges from other fashion capitals, especially London, Milan and New York. Essays by Christopher Breward, David Gilbert, Grazia d'Annunzio and Antonia Finnane place Paris within a broader global narrative, while Sophie Kurkdjian investigates the cultural value of the Parisian couture, and Agnès Rocomora explores the online imagery of the chic Parisienne. As *The New Yorker* recently put it, Paris is the most glamorous and competitive of the world's fashion capitals. No other city has been branded 'Fashion' as Paris has. By opening the study of Paris fashion to new approaches, this book explains why Paris still retains its position as the world's undisputed fashion capital.

Charm Offensive Kelly Ricciardi Colvin, 2023-03-30

In the aftermath of the Second World War, the French government cultivated images of sensual and sophisticated white French women in an attempt to reestablish its global image as a great nation. They promoted the beauty, sexual appeal and general allure of French women, all while shrinking the boundaries of what was considered beautiful. *Charm Offensive* explores how this elevation of French femininity created problems on both sides of the equation: the pressure on French women to conform to an exacting physical standard was immense, while the inability of anyone else to access that standard resulted in a sense of failure. Drawing on cultural figures like Air France hostesses, tourism workers and celebrities such as Brigitte Bardot, *Charm Offensive* offers an innovative understanding of a tumultuous time of decolonization.

If you ally craving such a referred **Parisian Chic Style Guide** book that will find the money for you worth, get the agreed best seller from us currently from several preferred authors.
