Pollock, 2022-01-01 This book looks historically at the harm that has been inflicted in the practice of sport and at some of the issues debates and controversies that have arisen as a result Written by experts in history sociology sport journalism and public health the book considers sport and injury in relation to matters of social class gender ethnicity and race sexuality political ideology and national identity health and wellbeing childhood animal rights and popular culture These matters are in turn variously related to a range of sports including ancient pre and early industrial sports American football boxing wrestling and other combat sports mountaineering horseracing cycling motor racing rugby football cricket association football baseball basketball Crossfit ice hockey Olympic sports Mixed Martial Arts and sport in an imagined dystopian future    **Dealing with Demonstrations** Roger Neil Douglas, 2004 This book explores the laws relating to political demonstrations It is comprehensive in its coverage and analyses relevant law in the Commonwealth and each of the States and Territories the degree to which laws impinging on demonstrations are subject to the implied constitutional freedoms enjoyed by other forms of political communications laws applicable to riots unlawful assemblies and to peaceful demonstrations the public order offences with which demonstrators are usually charged although on their face they have nothing to do with the collective communicative or coercive aspects of the demonstration police powers in relation to demonstrations Dealing with Demonstrations has been written with a view to assisting those with a direct interest in knowing the nature of demonstration law but it may also be read as a case study of the ambivalent relationships between liberal democratic governments and their adversaries It treats laws as reflecting both the commitment of Australian governments to political liberalism and their unease about political conduct which poses even symbolic threats to their legitimacy Courts tolerate peaceful communicative demonstrations but show considerable unease when

demonstrations threaten order But Douglas argues laws and their enforcement reflect not only what governments would like to achieve but also what they can achieve and while laws constrain demonstrators demonstrators are able to constrain governments    **The Law Journal Reports** ,1880    The Times Law Reports ,1900    **Reports of Cases Decided by the English Courts [1870-1883]** Great Britain.
