SCM Studyguide to Christian Ethics Neil Messer, 2006 This book is a wide ranging introduction to Christian ethics that assumes no prior knowledge of the subject. It introduces a range of approaches to Christian moral reasoning and discusses numerous practical ethical issues. Throughout the book ethical theory and practical ethics are integrated with one another in order to show how each informs the other. Topics often neglected in Christian ethics are dealt with here including Christian ethics and science and Christian ethics and pastoral care. Case studies and exercises give readers the opportunity to formulate their own responses to the moral issues discussed in the book and to reflect on the sources of their own moral deliberation and action. Chapter bibliographies list print and web resources offering more detailed coverage of the topics introduced in the book.
