*Miller's Blue & White Pottery* Gillian Neale, 2000 Miller's Collectors's Guides is a series of books aimed at providing an essential introduction to varied and popular subjects for the budding collector. Reflecting the growing trend in the antiques market towards collectible small often affordable items these practical guides are filled with ideas on how to form a collection what to specialize in and how to identify objects. Often showing photographed items these are guides no collector can afford to be without. *Eighteenth-century English Porcelain in the Collection of the Indianapolis Museum of Art* Indianapolis Museum of Art, Catherine Beth Lippert, 1987 This very thorough catalogue with excellent footnotes and bibliography firmly places the subject in its broadest context. Apollo Covers approximately 95 pieces representing Chelsea Bow Derby Worcester Chamberlain Worcester Caughley Longton Hall Spode and Hilditch and Sons. *Ceramics in the Victorian Era* Rachel Gotlieb, 2023-06-29 This book broadens the discussion of pottery and china in the Victorian era by situating them in the national imperial design reform and domestic debates between 1840 and 1890. Largely ignored in recent scholarship *Ceramics in the Victorian Era Meanings and Metaphors in Painting and Literature* argues that the signification of a pot a jug or a tableware pattern can be more fully discerned in written and painted representations. Across five case studies the book explores a rhetoric and set of conventions that developed within the representation of ceramics emerging in the late 18th century and continuing in the Victorian period. Each case study begins with a textual passage exemplifying the outlined theme and closes with an object analysis to demonstrate how the fusing of text image and object are critical to attaining the period eye in order to better understand the metaphorical meanings of ceramics. Essential reading not only for ceramics scholars but also those of material culture the book mines the rich and diverse archive of Victorian painting and literature from the avant garde to the sentimental from the well known to the more obscure to shed light on the at once complex and simple implications of ceramics agencies at this time. *Miller's Collectables Handbook & Price Guide 2016-2017* Judith Miller, 2016-05-05 Miller's Collectables Handbook Price Guide 2016 2017 is the up to date guide to the collectables market no dealer collector or auctioneer should be without. Featuring more than 4 000 objects in full colour each with a detailed description and current price range the book also offers what those in the know look for how to spot that rare example that may be worth twenty times more than another piece. Meanwhile in depth Closer Look features explain what to look for when appraising everything from 20th century glass to costume jewellery. Every image is changed for every edition to keep the book up to date with collecting and buying trends. Miller's Collectables Handbook Price Guide 2016 2017 is the only full colour fully illustrated collectables price guide in the world. Comprehensive sections cover advertising books ceramics glass metalware pens and writing equipment plastics and Bakelite posters rock and pop sporting memorabilia teddy bears toys and games and vintage fashion.
