Mind Reach:

Mind-reach Russell Targ, Harold E. Puthoff, 1978 The Out of Body Experience Anthony Peake, 2016-09-13 This book opens with the author's experience with the Lucid Light Stimulator in Switzerland. This presents him with his first experience of Astral Travel. From this he takes the reader on a historical, theological, and mystical journey through the history of the out of body experience in all its varieties and forms. The second half of the book discusses the science behind the experience. It reviews some of the latest research in the fields of psychology, neurology, and neurochemistry. It then attempts a short explanation of why quantum physics may be the unlikely source of answers to the mystery of the out of body experience. The final section presents the author's new model of how exotic sounding concepts such as Bose-Einstein Condensates, Einstein-Rosen Bridges, Zero Point Energy, microtubules, and coherent light can be used to present a totally new explanation of how Astral Travel really does involve a journey into inner, not outer space.

Buddhist Approach to Global Leadership and Shared

Responsibilities for Sustainable Societies Thich Nhat Tu, Thich Duc Thien, 2019-05-03
FOREWORD In 1999 the General Assembly of the United Nations adopted the resolution to recognize the Vesak Day as an International Day of Recognition of Buddhists and the contribution of the Buddha to the world. Since then the people and the Royal Government of the Kingdom of Thailand in general and Mahachulalongkornrajavidyalaya University in particular were very honored to have successively and successfully held for twelve years the United Nations Day of Vesak Celebrations in Thailand. From 2004 to date we have come a long way in the celebrations and we are happy to be the host and organizer, but it is time for the celebrations to grow and evolve. The United Nations Day of Vesak is coming to maturity with twelve celebrations under our belt, much experience gained, and it is time now to share this with others. There will always be room for growth and development, and we are elated to see it grow. In 2006-2007, having joined the International Organizing Committee for the UN Day of Vesak as Deputy Secretary General, Ven. Dr. Thich Nhat Tu has played a crucial role in building strong relationships between the National Vietnam Buddhist Sangha and the International Council for Day of Vesak in particular and the Global Buddhist communities in general. We have supported and congratulated Vietnam on organizing successful UNDV celebrations and conference in 2008 and 2014 respectively. We have full trust in Vietnam being the host of UNDV 2019 for the third time. We like to thank all those who have contributed to the success of previous celebrations and wish all future celebrations be successful. The teachings of the Buddha see no boundaries; the minds of all are alike; the sufferings of all are similar and truly, and the liberation of all is the same. We are happy to initiate the process, develop the scope, and now it is time for others to follow in similar footsteps, evolve the celebrations into a truly international event that can be shared with Buddhists and Non-Buddhists alike. Let the Dhamma of the Buddha be the beacon to the world, shredding away the ignorance within our hearts.
