Google Drive In The Us:

Workgroups eAssessment: Planning, Implementing and Analysing Frameworks Rosalina Babo, Nilanjan Dey, Amira S. Ashour, 2020-12-11 This book was developed during a particular pandemic situation in the whole world which confined people to their homes. Therefore, there was a rise in the use of distance working and learning e-learning, which led to a very quick adoption of technology in order to guarantee different approaches to fulfil the same or better outcomes and ensure that people are connected. This book provides a better understanding about the importance of teams assessment and collaborative work as well as the use of collaboration tools and online assessment techniques supported by technology. Consequently, the book is aimed at all institutions that seek new working environments, namely higher education institutions, companies, and organizations, sports teams, and others. Furthermore, this book provides new approaches and systems to carry the knowledge and learning assessment. The book gathers knowledge from several authors related to collaboration environments and tools as well as their insights on how technology can be applied to carry assessment processes. The book seeks to provide knowledge on new technologies and different learning environments.

Rural Education Research in the United States Gwen C. Nugent, Gina M. Kunz, Susan M. Sheridan, Todd A. Glover, Lisa L. Knoche, 2016-10-12 This volume represents current and futuristic thinking of seminal rural education researchers with the goal of providing perspectives and directions to inform the work of rural education research practice and policy. With an emphasis on leveraging collaboration among key rural education stakeholders, this title both outlines our current research knowledge base and maps a future research agenda for maximizing the educational experiences and achievement of rural K-12 students and their families and educators in the United States. In examining the interrelated impacts of teacher practices, family engagement, school community environment, and contextual factors, the book offers the evidence-based insights of seminal researchers on issues ranging from professional development and family-school partnership approaches to methodological considerations. It also explores the needs, opportunities, and realities associated with translating research to the arenas of practice and policy while considering how the latter can inform future scholarship.

Collection Management in the Cloud Kayla Kipps, Allison Kaiser Jones, 2022-03-11 As remote work has become routine, cloud-based technology tools have become increasingly necessary to communicate with other library staff and with faculty and staff to continue providing seamless and uninterrupted access to library resources and collections for our campus community. Cloud-based technology tools such as Google Forms and Google Sheets are used to gather faculty requests for collection development; tools such as Tableau are used to illustrate material budget balances; and platforms such as Trello have been adopted to track subscription renewal cycles and manage other projects. This guide discusses the benefits of using these powerful cloud-based and little to no additional cost technology tools through the lens of a particular area in
