*Society In Repair* Alex T. Wolf, 2020-12-03 It seems like a fairy tale but not too long ago there were rational people who ran the Republican Party. In these divisive times we don't have very bright politicians to look up to anymore. How did the party of Lincoln become the party of right wing nut jobs? Republicans have gone crazy who keep on convincing themselves that the Democrats are evil and the Democrats with their ugly threats have become what they claim to hate. With **SOCIETY IN REPAIR** it will prove that no one is immune to stupidity. As a whole nation we have been divided so politically that we hate anyone who disagrees with our own personal views. But what if a common human emotion could unite America as a whole again like humor? *Society In Repair* takes a non partisan view on the issues that really matter. Issues including sexual abuse, climate change, drug addiction and most importantly why Americans have lost their sense of humor. The constant degradation of humanity in America shows a clear insight into these dramatic days of our Nation's life. *Society In Repair* is here to remind us what it means to be American even though the American story has not always been great. But the belief in Americans of progress and change keeps America going in the darkest of times. **Popular Science Monthly and World's Advance**

**DYNASTY ON THE TEXAS PLAINS** Bonnie Faye James Gaston, 2009-10-27 My son asked me to write the things I did while growing up. The two chapters I thought I could write became forty four chapters. My memories are happy moments as I grew up during the Depression in a wonderful Christian home six miles south of Littlefield, Texas. The moment my Father saw me he called me his Plains Angel. My Mother was a kind and thoughtful person with a precious disposition and always spoke with positive words. Living with my brothers and sisters was like having my best friends with me at all times. Life was great even with the sandstorms turning our daylight to darkness, planting black eye peas instead of cotton because of little rainfall, gathering eggs from tall haystacks, hoeing cotton from dawn to dusk and learning how to preserve fruits, vegetables and meat for our winter food. My Father was a great farmer and helped provide electricity and a party line telephone system to our rural community. He is known as Mr. REA (Rural Electrification Administration) in Littlefield, Texas. I researched my Littlefield School system in 1913 and found Mr. George W. Littlefield had donated land for a one room school building. Ms. Willie Armstrong taught school in April, May and June with a yearly salary of forty dollars. My dream to help children and fill their lives with sunshine came true the day I began my teaching career in Plainview, Texas. After writing about World War I, World War II and the following wars I have a better understanding what my two brothers and other family members must have endured. I am thankful my three wonderful sons, Terry, Dale and Randy, with their adventures at home, church, school, Scout trips did not have to experience the pain of war. My life has been blessed with a wonderful husband, three great sons that are successful, a great daughter in law and two precious grandchildren, Trevor and Lane. My joyful memories growing up

on a Littlefield farm with my wonderful family gave me the foundation I needed for my life s adventures and accomplishment
