**Your AI Roadmap** Joan Palmeter Bajorek, 2024-12-24 As seen at VentureBeat CES and in Harvard Business Review A pesky truth of the age of AI is that everyone's day job is at risk but we all still need money. We all need to future proof our careers and finances ASAP. Your AI Roadmap is not just an advice book; it's a modern blueprint for your career and income. One part modern careers and one part wealth building; this book is ready to take you on an adventure. You will never be truly free, stable, and at peace until your financial house is in order. If AI takes a huge number of jobs in the next few years, jumping from job to job, we won't future proof your income and provide stability. You need to have your own money in your own name in your own accounts. With humor and data-driven examples, Joan provides fresh and tactical career advice as well as ways to expand your income to get your finances in order in the era of AI. Serial entrepreneur, investor, and AI influencer Dr. Joan Palmeter Bajorek is a global leader in AI. She has served as CEO, President, VP advisor, and senior roles at AI startups and enterprises including Clarity AI, Nuance VERSA, and Edward Lifesciences. Joan is the Founder of Women in Voice 501(c)3. She is the CEO of Clarity AI, creating custom AI and data products. She is the host of the Your AI Roadmap Podcast where she has interviewed top executives from Google, Microsoft, Amazon, and more to discuss their projects and careers. YourAIRoadmap.com To be clear, Joan is not satisfied with knowing how to build wealth herself. Everyone deserves a financial education and to know that through the age of AI, they can take care of themselves. Let's talk about careers and money. But Joan's AI career hasn't always been smooth sailing. Joan has lost her job in two large-scale AI layoffs. That hasn't stopped her. Being entrepreneurial is key to Joan's financial resilience on her way to financial independence. Playful, inclusive, and poignant, this book provides personal and professional guidance for people just launching their careers and for people well on their way. The book offers Goal Setting, Set your goals in a clinically validated way via the WOOP method; Storytelling, Owning your story and accomplishments via the STAR method to connect the dots for listeners; Personal Brand Steps to build, grow, and optimize your professional presence online; Networking, Modern people first techniques to expand your network with coffee chats; Joan's 3 Step Recipe for Financial Freedom; Recipe, Know, grow, and be in control of your finances; Income Streams and Diversification; Joan shares her 22 revenue streams to build her net worth; Wealth Expansion, 5 Simple Steps to launch a Basic Offer PSS; 3 Step Framework to Expand Your Income to 1M in revenue; Income Streams, 57 income stream ideas to try out from easy to advanced difficulty; Inspiration, Joy, confidence, and meaning in your next steps to craft your own AI roadmap; Perfect for anyone dreaming about AI careers and future-proofed finances from the classroom to the board room including

impulsively accepts From the moment Ingrid sets out for the house danger looms The directions are difficult she s out of reach of cell service and as she drives deeper into the Everglades the wet maw of the swamp threatens to swallow her whole But once Ingrid arrives Mayra is in many ways just as she remembers with her sharp tongue and effortless seductive beauty still thumbing her nose at the world Before they can fully settle into the familiar intimacy of each other s company their reunion is spoiled by the reemergence of past disagreements and the unexpected presence of Mayra s new boyfriend Benji The trio spend their hours eating lavish meals and exploring the labyrinthine house which holds as much mystery and danger as the swamp itself Indoors and on the grounds time itself seems to expand and Ingrid begins to lose a sense of the outside world and herself Against this disquieting setting where lizards dart in and out of porches and alligators peek up from dark waters Gonzalez weaves a propulsive unforgettable story about the dizzying power of early friendship and the lengths we ll go to earn love and acceptance even at the risk of losing ourselves entirely *The Promise of Bitcoin: The Future of Money and How It Can Work for You* Bobby C. **Pricing** Matthew Bamigbose,2022-10-31 Pricing your services products is the most important decision when you are looking to sell something online The Internet offers customers thousands of choices so you need to be on par with your competitors Price completely determines how long you can stay in the market You should have a clear idea of the price How far can you push it How often should I check prices Much depends on how you handle this stage of your business First you need to identify a group of consumers then estimate how much they are willing to pay for your service or product But apart from that you also have to make sure you are making a profit for yourself And often these two requirements can conflict Different people price products in different ways Some are science based some are not This is a procedure that works based on the understanding of production costs customer expectations and other players in the field
