Disruptive Fintech James Deitch, 2019-12-16 Throughout history innovators have disrupted existing financial services norms to change the landscape of the marketplace Disruptive Fintech briefly traces fractional reserves the creation of bank currency that traded at a premium to bullion value central bank regulation securitization of assets and loans the current state of digital currency and electronic payments The author then looks toward the future of fintech and the forces of disruption that will change the landscape of financial life as we know it Using over 100 interviews with thought leading CEOs this book develops a methodology to identify financial services that are ripe for innovation and discusses how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models The book discusses How to relate historical innovations and disruptions in financial services to the current landscape How to follow a process to identify the threats facing incumbent processes and businesses and how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models How many fintech innovations will be constructed by re-arranging or re-purposing existing core processes In this insightful book author James Deitch CPA CMB argues that some of today's high flying fintech innovators will flourish but many may perish as the fire of innovation consumes those fintechs that are slow to monetize their promises No Red Lights Alan J. Patricof, 2022-05-03 As featured in The Wall Street Journal One of Business Insider's 5 Best Leadership Books I Read This Year for 2022 A look back at entrepreneurial growth and venture capital in the last half century by one of the leading figures in the industry Extensive media and online coverage of the business arena news of start-ups mergers and deals are familiar headlines these days But that wasn't always the case The early years of venture capital were a far cry from today's very public dealings Alan Patricof one of the pioneers of the venture arena offers a behind the scenes look at the past fifty years of the industry From buying stock in Apple when its market valuation was only 60 million to founding New York Magazine to investing in AOL Audible and more recently Axios his discerning approach to finding companies is almost peerless All of Patricof's investments from Xerox to Venmo share certain qualities Each company had sound product with wide appeal the economics were solid and the management team was talented and committed to seeing their visions come to fruition Single to Triple Figures Per Hour Betty Peto, 2021-12-31 How a bathier kick started and scaled their solo groomer dog spa with tools and techniques for groomers to start and grow their grooming business Power Politics Darrell M. West, 2022-08-09 Curing the causes and consequences of Trumpism It's no secret that the United States faces extraordinary political and societal challenges even as it recovers from the COVID 19 pandemic Political polarization and extremism are the most apparent symptoms resulting from long term economic and social

inequities as well as a toxic information ecosystem It is easy to blame Donald Trump for the sad state of American democracy After all he abused his executive authority spread false claims and even incited violence But Trumpism is almost certain to outlast Trump himself The grievances he exploited and the aggrieved to whom he appealed existed well before he became president and likely will endure after he is gone from the political scene The current political atmosphere is poisonous for those who operate on the basis of facts reason and logic It is time to step back from this dangerous precipice and reflect on the causes of the serious threats to American democracy procedural justice and a reason based society With polarization now entrenched and authoritarianism gaining strength no one should assume that facts somehow will triumph over falsehoods and reason will prevail over emotion Drawing on his personal experiences in the D C policy world Darrell West offers advice for protecting people organizations and the country as a whole from our contemporary challenges This book makes the risks to democracy understandable by explaining specific threats and offering concrete ideas for ameliorating them It will appeal to anyone interested in American politics democracy elections mass media technology and governance *Financial Literacy for Millennials* Andrew O. The Zero Transaction Cost Entrepreneur: Powerful Techniques to Reduce Friction and Scale Your Business Dermot Berkery, 2023-08-08. Harness the power of zero transaction costs to ensure long-term success in every new business proposition. For many business professionals, the daily to-do list is hard enough to stay on top of, let alone coming up with the big ideas necessary to take their company or a whole economy to the next level. But if coming up with those ideas or finding start-ups that do is your job, then *The Zero Transaction Cost Entrepreneur* is an absolute must-read for you. With more than 20 years of experience and an extraordinary record of success stories, to his credit, venture capitalist Dermot Berkery has seen thousands of business plans, and in these pages he shares the key ingredient these successes have in common: Smart transaction cost economics. Simply put, these businesses lower or eliminate transaction costs for their customers. Here's just one of the real-world examples you'll find within: Blockbuster Video scored big by making movies easily available to rent; that's a reduction in a transactional cost. Netflix then removed another transaction cost: a trip to the store, sending DVDs through the mail. They tackled other transaction costs: limited choice and wasted time by moving to streaming. Finding and loosening these transaction costs creates extraordinary opportunities in every field and industry for entrepreneurs and venture capitalists, to corporate strategists and R & D heads. In these pages, you'll discover how transaction cost economics can

work for you in chapters that include Why Do Other People Come Up with All the Brilliant Ideas The 8 Major Categories of Transaction Costs Makers of Products Need to Transform them into Services Why Are Transaction Costs Falling Rapidly Right Now The Trifecta of Accelerators Idle Assets the IoT and Marginal Cost Pricing **Mayra** Nicky Gonzalez, 2025-07-17

A haunting exploration of female friendship desire and memory set against the sultry backdrop of Florida's swamplands It's been years since Ingrid has heard from her childhood best friend Mayra a fearless rebel who fled their hometown of Hialeah a Cuban neighborhood just west of Miami for college in the Northeast But when Mayra calls out of the blue to invite Ingrid to a weekend getaway at a house in the Everglades she impulsively accepts From the moment Ingrid sets out for the house danger looms The directions are difficult she's out of reach of cell service and as she drives deeper into the Everglades the wet maw of the swamp threatens to swallow her whole But once Ingrid arrives Mayra is in many ways just as she remembers with her sharp tongue and effortless seductive beauty still thumbing her nose at the world Before they can fully settle into the familiar intimacy of each other's company their reunion is spoiled by the reemergence of past disagreements and the unexpected presence of Mayra's new boyfriend Benji The trio spend their hours eating lavish meals and exploring the labyrinthine house which holds as much mystery and danger as the swamp itself Indoors and on the grounds time itself seems to expand and Ingrid begins to lose a sense of the outside world and herself Against this disquieting setting where lizards dart in and out of porches and alligators peek up from dark waters Gonzalez weaves a propulsive unforgettable story about the dizzying power of early friendship and the lengths we'll go to earn love and acceptance even at the risk of losing ourselves entirely *Get It Together: Ditch the Chaos, Do the Work, and Design your Success* Lauren Berger, 2018-10-19
