## **Walmart Deal:**

Interdisciplinary Research in Technology and Management Satyajit Chakrabarti, Rintu Nath, Pradipta Kumar Banerji, Sujit Datta, Sanghamitra Poddar, Malay Gangopadhyaya, 2021-09-14 The conference on Interdisciplinary Research in Technology and Management was a bold experiment in deviating from the traditional approach of conferences which focus on a specific topic or theme. By attempting to bring diverse inter-related topics on a common platform, the conference has sought to answer a long-felt need and give a fillip to interdisciplinary research not only within the technology domain but across domains in the management field as well. The spectrum of topics covered in the research papers is too wide to be singled out for specific mention, but it is noteworthy that these papers addressed many important and relevant concerns of the day.

*The Deal*, 2010      **Big Billion Startup: The Untold Flipkart Story** Mihir Dalal, 2019-10-06 The definitive account of India's biggest startup that redefined e-commerce entrepreneurship and the way we shop and live. IIT graduates Sachin Bansal and Binny Bansal founded out of a Bangalore apartment what would become India's biggest e-commerce startup. Established in October 2007, Flipkart began as an online bookstore and soon came to be known for its customer obsession. As the startup's reputation grew, so did its value with venture capitalists in India and abroad lining up to invest heavily in the company that stood for bold ambition, unabashed consumerism, and the virtues of technology. Investigative journalist Mihir Dalal recounts the astounding story of how the Bansals built Flipkart into a multi-billion dollar powerhouse in the span of a few years and made internet entrepreneurship a desirable occupation. But it is also a story of big money, power, and hubris, as both business and interpersonal complexities weakened the founders' control over their creation and forced them to sell out to a retailer whose dominance they had once dreamt of emulating. Flipkart's auction involved some of the corporate world's biggest names, from Jeff Bezos, Satya Nadella, Sundar Pichai, to Masayoshi Son and Doug McMillon, an ironic testimony to the strength of what the Bansals had forged. Based on extraordinary research, extensive interviews, and deep access to key characters in the Flipkart story, *Big Billion Startup* is the riveting and revealing account of how Sachin and Binny Bansal built and sold India's largest internet company.

The Everything War Dana Mattioli, 2024-04-25 LONGLISTED FOR THE FINANCIAL TIMES BUSINESS BOOK OF THE YEAR 2024 Riveting and explosive. This is the business story of our time. Christopher Leonard, New York Times Bestselling Author of *Kochland* and *The Lords of Easy Money*. A hard-hitting analysis of Amazon's dominance. Makes a compelling case that no company should be this powerful. Financial Times. From veteran Amazon reporter for The Wall Street Journal, *The Everything War* is the first untold devastating exposé of Amazon's endless strategic greed, its pursuit of total domination by any means necessary, and the growing efforts to stop it. For over twenty years, Amazon was the quintessential American success story, whilst its customer obsession approach made it indelibly attractive to consumers across the globe. But the company was not benevolent; it operated in ways that ensured it stayed on top, coming to dominate over a dozen industries beyond retail, growing voraciously by abusing data, exploiting partners,

copying competitors and avoiding taxes leveraging its power to extract whatever it could at any cost and without much scrutiny Until now With unparalleled access and having interviewed hundreds of people from Amazon executives to competitors to small businesses who rely on its marketplace to survive Dana Mattioli exposes how Amazon was driven by a competitive edge to dominate every industry it entered bulldozed all who stood in its way reshaped the retail landscape transformed how Wall Street evaluates companies and altered the very nature of the global economy In 2023 the Federal Trade Commission filed a monopoly lawsuit against Amazon in what may become one of the largest antitrust cases in the 21st century As Amazon s supremacy is finally challenged The Everything War is the definitive inside story of how it grew into one of the most powerful and feared companies in the world and why this is the most consequential business story of our times Financial Times Business Book of the Year Award 2024 announced August 2024 Business Week ,2001 Outlook ,2007
