**Recent Trends on Cheese as Functional Food with Great Nutritive and Health Benefits**, 2024-05-29 Cheese is a palatable and dense model food with great nutritional value. Cheese lovers all over the world have access to an almost overwhelming variety of cheeses. Cheese has many health benefits that go beyond its nutritional and flavor properties. The health benefits are due to the presence of unique bioactive peptides and fatty acids in cheese. Furthermore, cheese is an excellent tool for making functional foods because it can serve as an excellent delivery vehicle for bioactive peptides, vitamins, minerals, probiotics, postbiotics, prebiotics, and other novel bioactive substances. This book offers opportunities for cheese manufacturers, cheese researchers, nutritionists, and even cheese lovers to learn more about the hidden health and nutritive benefits of cheese. The book reflects the trends and innovations in the development of cheese as a functional food.

*Innovative Trends in Global Food & Beverage Industry* Ajinkya Pandirkar, Imran Pathan, 2025-07-14 The global food and beverage industry is experiencing a dynamic transformation driven by evolving consumer preferences, technological advancements, and a growing focus on sustainability. This book, *Emerging Trends in the Global Food Beverage Industry*, explores these changes and highlights the key developments shaping the future of this vibrant sector. We delve into topics such as plant-based innovations, functional foods, AI-driven supply chains, cloud kitchens, experiential dining, and digital customer engagement. The content is designed to provide students, educators, and industry professionals with both academic insights and practical applications through real-world examples and case studies. Our aim is to not only inform but also to inspire critical thinking and innovation among the next generation of hospitality leaders. This book reflects our shared commitment to keeping pace with an industry that is as global as it is essential. We are grateful to our institutions, students, and colleagues for their support. It is our hope that this work adds value to your learning journey and helps you better understand the exciting path ahead for the food and beverage industry.

**Smart Snacking** Tessa Kwan, AI, 2025-03-19 *Smart Snacking* reframes snacking as a strategic tool for optimizing health, moving away from the idea of snacks as mere indulgences. It emphasizes the significance of mindful eating and nutrient-rich choices to boost energy, enhance cognitive function, and support physical well-being. Did you know that strategic snacking can accelerate muscle recovery after workouts? The book explores how understanding the glycemic index helps in choosing snacks that provide sustained energy, avoiding the pitfalls of processed foods that lead to energy crashes. The book begins by debunking common myths about snacking and then delves into the science of satiety, teaching readers how to select snacks that promote fullness and reduce overeating. It progresses by decoding macronutrients and micronutrients, offering tailored snack choices for specific needs and providing delicious, easy-to-follow recipes. It also provides strategies for meal prepping and planning snacks in advance, ensuring healthy options are always readily available. This approach empowers you to make informed choices, transforming snacking into a cornerstone of your health and fitness journey.
