reclaim the White House interfere with President Carter's frantic efforts to free the 52 American hostages held in Tehran and thwart an October Surprise. Was there a Republican Iranian deal that bordered on treason? Or was this stunning allegation a bizarre trick played by a loose knit band of arms brokers and intelligence operatives? For much of the 1980s suspicions of Republican wrongdoing bubbled beneath the surface only bursting into public view after the Iran contra scandal exposed the secret policies and subterranean levels of Reagan Bush operations. Almost ten years after the events the Public Broadcasting System's Frontline documentary program asked award winning investigative reporter Robert Parry to examine the accusations. Parry had been the first reporter to expose Oliver North's Iran contra operations and had broken many of that scandal's chief stories. Over the next two and a half years Parry pursued leads in a world wide odyssey for an elusive and sometimes dangerous truth. From Washington to Tehran from Paris to Jerusalem from London to Tunis it was a journey into a wilderness of mirrors where few could be trusted and nothing was as it seemed. The investigation was hampered too by a relentless assault from the White House and its powerful allies who feared the story could destroy the legitimacy of 12 years of Republican rule. In the end Parry the pursuer became Parry the pursued. But beyond the political mystery this book lays bare an era during which deception evolved into a high art form and the nation's traditional constitutional safeguards were no match for the lies. And finally it is up to you to judge. Was the October Surprise story a trick played on the media and the American public? Or was it treason committed at the highest levels of the U.S. political system a historic perversion of American democracy?
