Intermediaries in Commercial Law Paul S Davies,Tan Cheng-Han,2022-09-08 This book is the first to examine intermediaries in a holistic and systematic manner The classical model of face to face contracting between two individuals is no longer dominant Instead deals frequently involve a number of parties often acting through intermediaries As a result it is important to understand the role and power of intermediaries Intermediaries tend to be considered within discrete silos of the law But by focussing upon a particular narrow area of law lessons are not learned from analogous situations This book takes a broader approach and looks across the traditional boundaries of private law in order to gain a proper assessment of the role played by intermediaries A wide range of jurisdictions and topical issues are discussed in order to illuminate the role intermediaries play in commercial law For example the continued growth of electronic commerce requires consideration of the role of websites and other platforms as intermediaries And developments in artificial intelligence raise the prospect of intermediaries being non human actors All

these issues are subject to rigorous analysis by the expert contributors to this book PC World ,2009 Mediaweek ,2010

The Economics of Digital Transformation Katarzyna Śledziowska, Renata Włoch, 2021-08-01 The unprecedented Covid 19 crisis revealed the scale and scope of a new type of economy taking shape in front of our very eyes the digital economy This book presents a concise theoretical and conceptual framework for a more nuanced analysis of the economic and sociological impacts of the technological disruption that is taking place in the markets of goods and services labour markets and the global economy more generally This interdisciplinary work is a must for researchers and students from economics business and other social science majors who seek an overview of the main digital economy concepts and research Its down to earth approach and communicative style will also speak to businesses practitioners who want to understand the ongoing digital disruption of the market rules and emergence of the new digital business models The book refers to academic insights from economics and sociology while giving numerous empirical examples drawn from basic and applied research and business It addresses several burning issues how are digital processes transforming traditional business models Does intelligent automation threaten our jobs Are we reaching the end of globalisation as we know it How can we best prepare ourselves and our children for the digitally transformed world The book will help the reader gain a better understanding of the mechanisms behind the digital transformation something that is essential in order to not only reap the plentiful opportunities being created by the digital economy but also to avoid its many pitfalls Chapters 1 3 and 5 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com They have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license **The Deal** ,2007-02 The Hollywood Reporter ,2009 The Chronicle of the Horse ,2010 *E-commerce* Kenneth C. Laudon, Carol Guercio Traver, 2009 For the undergraduate and graduate e commerce course in any business discipline This comprehensive market leading text emphasizes the three major driving forces behind e commerce to provide a coherent conceptual framework for understanding the field technology change business development and social issues *Information Services Latin America* ,2007 *The Breeder's Gazette* ,1890 **"Lost" on the Web** Joel Waldfogel, 2007 In the past few years YouTube and other sites for sharing video files over the Internet have vaulted from obscurity to places of centrality in the media landscape The files available at YouTube include a mix of user generated video and clips from network television shows Networks fear that availability of their clips on YouTube will depress television viewing But unauthorized clips are also free advertising for television shows As YouTube has grown quickly major networks have responded by making their content available at their own sites This paper examines the effects of authorized and unauthorized web distribution on television viewing between 2005 and 2007 using a survey of Penn students on their tendencies to watch television series on television as well as on the web The results provide a glimpse of the way young Internet connected people use YouTube and related sites While I find some evidence of substitution of web viewing for conventional television viewing time spent viewing programming on the

web 4 hours per week far exceeds the reduction in weekly traditional television viewing of about 25 minutes Overall time spent on network controlled viewing television plus network websites increased by 1 5 hours per week **The Times Index**,2010 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *BBC Music Magazine* ,2008 *The New York Times Index* ,2008 *Newsweek* ,2006-09 *The Mining Journal, Railway and Commercial Gazette* ,1896
