 Thind,Jerome J.,2014-09-30 The Oracle E Business Suite 12 Supply Chain Certified Implementation Specialist Oracle  
 Inventory certification indicates a functional foundation in E Business Essentials including skills such as how to access and  
 navigate within the R12 E Business Suite how to enter data retrieve information in the form of a query and access online help  
 Through preparation for the exam you will also gain a basic understanding of the features functions and benefits of Oracle  
 Inventory You will be able to add items enable lot control enable serial control enable dual unit of measure control perform  
 inventory transfers perform inventory replenishment perform a cycle view on hand quantities create reservations and setup  
 material statuses Clearing the Certification will not automatically lead you to a job However a Certification with some project  
 experience will certainly open a lot of doors for you The consultants who will benefit the most from a certification are the  
 ones with typically less than 2 year s project experience This is not to say that consultants with higher experience will not  
 benefit but at that level having a certification matters much less So if you have little or no Oracle Inventory experience you  
 should get yourself certified get some project experience and then the whole of the Oracle applications World is open for you
