Excerpt from The Priscilla Smocking Book A Collection of Beautiful and Useful Patterns With Directions for Working Checked and Striped Materials Perhaps the simplest way of arriving at this result and one ideal for the beginner in smocking is the use of checked and striped materials as in Figs 1 2 and 3 on this page Figure 2 shows the use of a material with a stripe like striped dimity that can be used for length of stitch Here we first Show lines stitched by using the sewing machine the width between the lines being regulated by the presser foot This little device of stitching the lines is of the greatest value in using striped materials especially the striped dimity Where the cords space the stitches The stitching serves only as a guide for the gathering threads and is clipped bit by bit and removed as the gathering threads are run in If the cords are too far apart one stitch between can be used if the cords are too close together one can be omitted Thus it is readily seen neither fine work or the reverse is easily attainable and can be correctly prepared About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
