Oracle E-Business Suite R12.x HRMS - A Functionality Guide Pravin S. Ingawale, 2015-06-25 Oracle's E-Business Suite Human Capital Management enables organizations to architect a global foundation for HR data and improved business processes. The book starts by introducing Oracle Application E-Business Suite its architecture and how to set up the preliminary components such as roles, groups and profile options. As you progress through the chapters you'll learn to define common data from an enterprise perspective such as the unique structures for jobs, positions, job groups and other business entities. As we move from learning the core HR structures you'll learn to implement people management concepts such as maintaining personal information, identifying assignments, managing assignments of personnel, changing assignments and terminating an assignment or employee. By the end of this book you will have a thorough knowledge of implementing a fully functional HR system based on strategic business needs along with a detailed understanding of the key functions and benefits of Oracle HCM.

R11i Navigating Oracle Applications Deborah Steffen, 2000. **Indian National Bibliography**, 2008-07. *Going Corporate* Shailendra Kadre, 2011-08-21. *Going Corporate: A Geek's Guide* shows technology workers how to gain the understanding and skills necessary for becoming an effective promotable manager or sought-after consultant or freelancer. Technology professionals typically dive deeply into small pieces of technology like lines of code or the design of a circuit. As a result, they may have trouble seeing the bigger picture and how their work supports an organization's goals. But ignoring or dismissing the business or operational aspects of projects and products can lead to career stagnation. In fact, understanding the larger business environment is essential for those who want a management job, a consulting gig or to one day start a business. It's also essential for those who have been promoted and find themselves flailing for lack of a business education. *Going Corporate: A Geek's Guide* to the rescue. This book is designed to help readers gain management skills, insight and practical understanding of essential business and operational topics. Readers will learn to develop project and program management skills, deliver service efficiently and improve processes, implement governance, analyze financial statements and much more. After reading this book, technology professionals will understand such things as enterprise architecture, IT operations management, strategic and financial

management and how each relates to the others Detailed case studies help cement an understanding of how an IT organization and its workers succeed in the 21st century This book Illustrates how pieces of the business puzzle fit together to form a robust enterprise Prepares readers to get promoted into management Explains the key management skills and knowledge required for a successful IT career CUSTOMER RELATIONSHIP MANAGEMENT:TRADITIONAL AND ARTIFICIAL INTELLIGENCE-DRIVEN Dr. Thota Siva Ratna Sai,Dr. Madhura Raghava Reddy,Mr. G.
