**Review of Reviews** ,1903      *Budget 2011* Great Britain: Parliament: House of Commons: Treasury Committee,2011-04-09  
The report looks at the way the Office for Budget Responsibility has functioned in this the first Budget since it was  
permanently established It raises concerns about the timetable for the economic forecast noting the timetable agreed for this  
forecast and Budget required all decisions which would impact on the economic forecast to be made at least a fortnight  
before Budget day It recommended that the timetable should be revisited to provide more flexibility enabling economic  
shocks and late political decisions to be accommodated The Committee looked at the economy public finances the plan for  
growth taxation and the Office for Budget Responsibility It continues to press for a full review of the OBR including its  
powers remit and relationship to Parliament Also calling for gradual reform of the tax regime and noting the Government s  
decision to increase the supplementary rate of corporation tax on the oil and gas industry by 12 percentage points in the  
Budget less than a year after promising to provide a stable tax regime in the sector might weaken the Government s  
credibility in seeking to establish a stable tax regime The Committee was pleased with the further reduction in corporation  
tax announced in the Budget as this was a positive measure aimed at boosting growth With regard to Enterprise Zones it may  
have some effect in reviving particular areas but it was noted that almost all the evidence received is unsure about the extent  
to which they will contribute to UK growth It is clear that there is still much to be done on the details of this policy
