## **College Rankings Price Setup:**

*Cities Ranked & Rated* Bert Sperling,Peter J. Sander,2007-05-07 Evaluates more than four hundred metropolitan areas in the United States and Canada rating such factors as job market housing costs crime rates climate health care education and quality of life    *The Public Option* Ganesh Sitaraman,Anne L. Alstott,2019-07-01 A solution to inequalities wherever we look in health care secure retirement education is as close as the public library Or the post office community pool or local elementary school Public options reasonably priced government provided services that coexist with private options are all around us ready to increase opportunity expand freedom and reawaken civic engagement if we will only let them Whenever you go to your local public library send mail via the post office or visit Yosemite you are taking advantage of a longstanding American tradition the public option Some of the most useful and beloved institutions in American life are public options yet they are seldom celebrated as such These government supported opportunities coexist peaceably alongside private options ensuring equal access and expanding opportunity for all Ganesh Sitaraman and Anne Alstott challenge decades of received wisdom about the proper role of government and consider the vast improvements that could come from the expansion of public options Far from illustrating the impossibility of effective government services as their critics claim public options hold the potential to transform American civic life offering a wealth of solutions to seemingly intractable problems from housing shortages to the escalating cost of health care Imagine a low cost high quality public option for child care Or an extension of the excellent Thrift Savings Plan for federal employees to all Americans Or every person having access to an account at the Federal Reserve Bank with no fees and no minimums From broadband internet to higher education The Public Option reveals smart new ways to meet pressing public needs while spurring healthy competition More effective than vouchers or tax credits public options could offer us all fairer choices and greater security    [INFORMS Annual Meeting](#) Institute for Operations Research and the Management Sciences.
