Wacky Wisdom Kiaan Angra,2024-03-30 WACKY WISDOM is a fictional storybook This book contains stories purely out of the author s imagination and reflects how a child thinks Some stories are written in consideration of some of the moral values and depict perfect examples of wisdom Every story tells a different plot and lays out different emotions which have been presented by the author in his unique mode of expression Each story is engrossing in its own way It is a marvellous compilation of different aspects of fantasies This book which has been written by him without using any AI tool is a product of his creativity and enhanced writing skills The stories are a reflection of the wacky wisdom encapsulated by the author While reading the book the readers would surely get engrossed in a world created by the young author

Technology Touchpoints Loretta L. C. Brady, PhD, MAC,2022-11-11 Analyzes the influence of technology and social media on human development with parents and families in mind This is a story about a family coming of age at the same time as smartphones and social media a multiracial family coming into its own as windows into social injustice opened up before our very screens and a multi parent multi professional family with children living differently depending on which house and which combination of family members happen to be home While it is a story about a family it is really the story of technological and global changes unfolding on our doorsteps While many revile the ascendance of smartphones and social media and the way they suck us into the vortex of cyberspace there are cultural touchpoints that reflect deeper human and technology development patterns patterns which we would all do well to understand no matter whether or how we choose to engage in the ever innovating digital frontiers Informed by research and interviews with leaders in policy human development ethics and technology Loretta Brady helps readers understand the complex systemic challenges and findings related to technology and human development We do not have to hate or fear technology It is neither friend nor foe But understanding its impact on our daily lives is paramount to cultivating a healthier relationship both with our digital lives and our real lived ones
