Roblox Update 2025 Ideas:

Ideas Don't Die. Companies Do. Hari Abburi, 2025-07-04 Rethink ideas as the real value to the future of your business in a technology world where knowledge is increasingly a commodity In *Ideas Don't Die Companies Do* renowned voice on disruptive agility and executive Hari Abburi delivers an insightful framework for leaders to future proof their companies by creating an idea obsessed enterprise In the book you ll learn why ideas are more important than customers to disrupt the industry and marketplace The author explains how to distinguish between ideas that are truly original and those that require strategic execution to differentiate them from other choices on the market He offers key insights into how to glean information from other companies who have worked with the idea and how to apply that knowledge to your firm s own idea Inside the book Explanations of the idea moat that creates exponential value at one company as opposed to another that uses similar ideas Compelling answers to questions about idea timing and why ideas that failed a few years ago can be successful today How to shift your company s focus from thinking customers to thinking ideas Perfect for managers executives entrepreneurs founders and other business leaders *Ideas Don't Die Companies Do* will also benefit product team leaders and other innovators with a desire to bring new and exciting ideas to the market [A New Approach to Reading Videogames as Story](#) Thomas Rowland, 2026-01-27 This book introduces a new methodology for understanding videogames with particular attention to three types of videogames toy games storybook games and ludonarratives This methodology pulls from phenomenological and deconstructionist roots informed by medieval studies and the history of reading to emphasize how important playing stories can be as a form of narrative This book explores the idea of storyplaying in connection with new ideas on intromersive movement game mechanics and sacred play to develop a typology of videogames that will enable critics educators and theorists to situate videogames within a broad continuum of literary history Building on this foundation this book continues by exploring additional facets of this methodology by exploring the relationship between videogames and film criticism the emerging art world of game mediated photography the various economies constructed around videogames the potential of games to serve as third places and some suggestions for videogames in the classroom These ideas are contextualized by the author s argument that videogames serve a purpose akin to the original function of medieval cathedrals as intentional virtual spaces with dedicated and important meditation which given today s decadent cultural and political climate underscores the urgency of recognizing videogames as being vital to our scholarly and educational enterprises
