today's advanced capitalist societies are encouraged to lean in The media and government champion women's empowerment In a cultural climate where women can seemingly have it all why do so many successful professional women lawyers financial managers teachers engineers and others give up their careers after having children and become stay at home mothers How do they feel about their decision and what do their stories tell us about contemporary society Heading Home reveals the stark gap between the promise of gender equality and women's experience of continued injustice Shani Orgad draws on in depth personal and profoundly ambivalent interviews with highly educated London women who left paid employment to take
