Celebrating Ourselves Daryl Russell Grigsby, 2010-11 *Celebrating Ourselves* demonstrates how baseball is intricately woven in the fabric of African American family social and political life. Beyond the significant accomplishments on the diamond well recounted here, baseball knitted generations taught perseverance, demonstrated economic independence and been a forum for civil rights and equality. From Moses Fleetwood Walker in 1884 to the founding of the Negro National League in 1920 from Jackie Robinson in 1947 to today's Reviving Baseball in the Inner Cities RBI, the game is connected with personal achievement, community advancement, economic independence and social equality. This book discusses baseball from three perspectives from the player, the fan and the family. Alongside statistics and accomplishments on the field, we read of the perseverance and dedication of the African American baseball fan. Much has been made of the decline in baseball's popularity among black Americans. When observers ask Where is the African American fan, this book boldly responds Right here. **Going, Going ... Caught!** Jason Aronoff, 2009-02-06 Though Willie Mays' World Series catch of Vic Wertz's long drive in 1954 immediately comes to mind, there are many catches that have been called the greatest. This work documents baseball's best catches by outfielders from 1887 through 1964, the year of Duke Snider's retirement, the demolition of the Polo Grounds and arguably Willie Mays' last great grab. After introductory chapters on factors that influenced the catches and their legacies from ballpark quirks to the baseball and the evolution of baseball gloves to sportswriters and photography, the book describes famous catches by decade from such players as Mays, Willie Keeler, Joe DiMaggio, Duke Snider, Roberto Clemente, Curt Flood and many others. Extensive research yields a wealth of information for each catch, including commentary by period sportswriters, players and often the man who snagged the ball. **Baseball and the Blame Game** John Billheimer, 2007-07-16 Most baseball fans know what links Fred Merkle, Fred Snodgrass, Mickey Owen and Bill Buckner. It's a pantheon of public failure. They would be harder put to say what links Eric Byrnes, Tony Fernandez and Babe Ruth, though these players made misplays every bit as egregious. In this smart, highly readable history of scapegoating, John Billheimer identifies the elements that combine to condemn one player to a life sentence while another gets a wrist slap for the same offense. As it turns out, the difference between a lower case 'e' in some forgotten box score and a lifetime of ignominy can hinge on a number of factors, including timing, geography, reputation, misunderstanding, media bias and just plain bad luck.

The teacher's text on grammar and culture focuses on the use of three basic types of sentences, four verb inflections, locative relationships and pronouns, etc. by using sign language.
