Csabai, 2025-12-12 Health Anxiety and the Quest for Safety critically examines how psychological and sociocultural processes influence anxiety and safety seeking behaviour concerning perceived health risks in globalised information societies It provides insights into how people respond to uncertainty and perceived threats to their body and health in the age of anxiety In examining the history of health anxiety the author explores fluctuations in concepts highlighting the power dynamics uncertainties and biased social and scientific attitudes in the background The chapters offer a critical analysis of contemporary safety seeking strategies including online health information searches fad diets self tracking body image interventions and the pursuit of personal meaning and well being Additionally the book investigates how sociocultural

influences can induce guilt about one's body and health promote self-blame or foster stigmatising attitudes while emphasising how the emergence of psy culture pop psychology and digital tools may enhance health empowerment but also generate health related anxieties and deepen inequalities As a critical reflection on prevailing individualistic paradigms the work also considers concepts that emphasise resonance and connectedness This book is valuable reading for clinical and health psychologists critical social scientists researchers and students in the health sciences as well as practitioners in all healthcare settings psychotherapists and communication specialists Mind the Science Jonathan N. Stea, PhD, 2024-09-03

A clinical psychologist who regularly deals with some of society's most vulnerable exposes and debunks the predatory pseudoscience and grift of the multi trillion dollar wellness industry and points us towards a better way to take care of our mental health Can the unbroken gaze of a lone man on a stage in front of hundreds of people truly alleviate their mental distress Can Berlin Wall pills or a coffee enema cure depression Can we improve our mental health with past life regression therapy cold water shock therapy rebirthing therapy Wellness grifters and alternative health snake oil salesmen are everywhere these days and when our medical systems are under stress and we are too these costly purveyors of false hope are worse than a waste of money they can lead us to delay badly needed care from real professionals exacerbate our conditions and in the most tragic of cases even kill us Today people looking to care for their mental health face a market with at least 600 brands of psychotherapy and counting Most are ineffective and many could be harmful There exist countless unregulated providers of mental health services in the 5.6 trillion USD wellness industry and alternative medicine community looking to exploit people's financial and emotional vulnerabilities The world of mental health care is very much caveat emptor buyer beware Having seen so many of his patients hurt by the pseudoscience circulating in the industry Dr Jonathan N Stea is on a mission to expose its harm and protect the public from mental health misinformation In a landscape of rampant burnout and at a time when mental health concerns are at a fever pitch Mind the Science provides hope and real information to those who have been touched by mental illness have been misled by false marketing or are simply curious about the relationship between science and mental health

Teens, Screens, and Social Connection Alma Spaniard, Janki Modi Avari, 2023-03-15. This book explores the increasingly important intersection of the digital world and mental health in the lives of pediatric and young adult populations. Young people are spending a considerable amount of time on digital screen activities such as social media, texting, and online gaming. The vast majority of teens and pre-teens have access to computers and smartphones, shifting social interaction away from face-to-face contact toward online communication. A practical resource, *Teens, Screens, and Social Connection* provides the reader with a targeted yet comprehensive understanding of a wide variety of internet and media related topics facing youth today. Chapters include discussions on the developmental view from early childhood to young adulthood, as well as the unique racial and cultural issues pertaining to technology and media. The book provides both the challenges of the internet and media to be identified, as well as solutions and clinical pearls that can be immediately applied to clinical practice and real world scenarios. This book is a practical reference that functions as a concise yet comprehensive summary of the most important aspects of this very timely and important topic. It is an invaluable practical resource for mental health clinicians, as well as students and those professionals who work with youth in other domains.
