Google Drive Deal:

Automate It with Zapier Kelly Goss, Cody Jones, 2021-08-25 Build easy and accessible solutions for automating mundane processes in marketing sales operations and finance to enable teams to focus on core tasks. Key Features: Learn Zapier and find solutions to specific problems with this comprehensive yet concise guide. Explore various scenarios describing specific business problems and how they can be solved with Zapier. Discover expert tips and practical examples to harness the full potential of Zapier. Book Description: Zapier is an emerging no code workflow automation technology that enables organizations to connect their cloud based and web applications and automate data transfer between them. Zapier's built in features and flexibility allow users to integrate thousands of business applications and create simple to complex automation to reduce time spent on repetitive tasks thereby increasing productivity. This book is a must have for business owners, their employees and independent freelancers and contractors looking to use Zapier for business process automation. The book takes a hands on approach to implementation and associated problem solving methodologies that will have you up and running and productive in no time while leveling up your automation skills. You'll discover how to plan your automation building for optimal results, what are the native features available in Zapier and the applications that connect with it as well as how to optimally configure your workflows to automate your processes in as few steps as possible. Finally you'll find out how to create advanced workflow automation from scratch and learn how to troubleshoot issues. By the end of this Zapier book you'll be able to build your own advanced workflow automation using Zapier addressing the key pain points encountered in businesses with manual and repetitive tasks. What you will learn: Think creatively to plan your business workflows to overcome specific business problems. Get to grips with the native features and built in applications available in Zapier. Explore different types of third party business applications that integrate with Zapier. Configure your workflows optimally to automate business processes and minimize task usage. Use Zapier's library of pre built workflows and create advanced workflows from scratch. Discover the extensive functionality and practical uses of Zapier's built in apps. Who this book is for: This book is for solutions architects, process consultants, business analysts, virtual assistants, digital marketers, CRM consultants, online business managers, technical consultants, bookkeepers and accountants who want to deploy effective automation techniques in Zapier. This book will help micro, small or medium sized businesses to increase their productivity using workflow automation with Zapier as well as freelancers and contractors providing digital process improvement, systemizing and automation services. No prior experience with business process automation or Zapier is required.

Automate It with Zapier and Generative AI Kelly Goss, 2023-08-25 Strategize and create automated business workflows with Zapier including AI integrated functionalities such as the ChatGPT plugin and the OpenAI integration to minimize repetitive tasks without using code. Key Features: Discover the newest Zapier features including OpenAI integration and the ChatGPT plugin. Explore expert tips and real life examples to connect 6000 business apps and automate tasks with
