Visit to the zoo

I recently went on a visit to the zoo, and it was so much fun! I saw all sorts of amazing animals, including lions, giraffes, and monkeys. My favorite part was seeing the elephants, because they were so big and majestic. I also got to see a baby elephant, and it was so cute and playful. I also saw some flamingos, and they were so colorful and graceful. The zoo was a great place to learn about all the different animals and see them up close. I can't wait to go back and see even more amazing creatures.

Story Smarts - Keys to Comprehension Marion Blank, Laura Berlin, 2013-04-12

What Are The Keys to Comprehension The answer to that question rests with two key components One is the main idea the other is complex language The main idea is a well recognized skill that enables children to summarize a story It is what teachers are requesting when they say Now tell me what the story was about Unfortunately for many many children that is no easy matter However using the appropriate techniques children can be taught how to glean the main idea from the myriad of details in a story The ability to use complex sentences is the second skill that is central to a child attaining effective comprehension because the retelling of the main idea requires proficiency with complex language The content of stories involving as they do motivations action sequences outcomes etc means that the verbal material is permeated with intricate sentences that are far different from the language of everyday life Story Smarts Keys to Comprehension is designed to build on the reading comprehension skills attained in the Story Smarts program by teaching children how to use and link complex words ideas and sentences
