

A vibrant, painterly-style illustration of a desert scene. In the foreground, a brown horse with a red headband and a small red bag on its back stands on a sandy path. Behind it, a knight in full silver armor, including a helmet with a plume, holds a large, curved scimitar. The background features a vast, sandy landscape with distant, colorful buildings under a bright blue sky with scattered white clouds.

Beyond the Screen Frank A. Aycock, 2025-11-26 Written in an accessible style this book explores the complex future of television across its different industries providing professional producers with key insights and pathways to adapt and prepare. By exploring traditional media industries and how they have come to make up today's streaming and broadcasting media world the text provides a detailed discussion of the future of systems programming and television viewing. This includes a wide range of topics such as internet protocol television IPTV set top boxes STBs ATSC 3.0 virtual reality VR holographic television and artificial intelligence AI as well as other cutting edge technologies. Additionally this book examines the future of content monetization by exploring the new and sometime controversial ways of advertising product placement and search and promotion that will be required to be financially successful in this future television environment. Beyond the Screen is an indispensable addition to the library of every television professional academic student and television viewer who wants to know where this fascinating world of television is heading and what it will take to be successful within it.
