Necessary Beings Ontology Modality Relations:

Necessary Beings Bob Hale,2013-09-19 Bob Hale presents a broadly Fregean approach to metaphysics according to which ontology and modality are mutually dependent upon one another He argues that facts about what kinds of things exist depend on facts about what is possible Modal facts are fundamental and have their basis in the essences of things not in meanings or concepts

Essence and Existence Bob Hale,2020 Essays on Existence and Essence presents a series of writings including several previously unpublished by Bob Hale on the topics of ontology and modality The essays develop and elucidate Hale s work on essence truthmakers and several other topics Also included are an introduction by Kit Fine and a bibliography of Hale s work

Ontology, Modality, and Mind Alexander Carruth,Sophie Gibb,John Heil,2018-10-04 This book explores a range of traditional and contemporary metaphysical themes that figure in the writings of E J Lowe whose

powerful and influential work was still developing at the time of his death in 2015 During his forty year career he established himself as one of the world s leading philosophers publishing eleven single authored books and well over two hundred essays His scholarship was strikingly broad ranging from early modern philosophy to the interpretation of quantum mechanics His

most important and sustained contributions were to philosophy of mind philosophical logic and above all metaphysics E J Lowe was committed to a systematic realist and scientifically informed neo Aristotelean approach to philosophy This volume presents a set of new essays by philosophers who share this commitment addressing interrelated themes of his work In particular these papers focus upon three closely connected topics central not only to Lowe s work but to contemporary metaphysics and philosophy of mind in general ontology and categories of being essence and modality and the metaphysics of mental causation

The Routledge Handbook of Modality Otávio Bueno,Scott A. Shalkowski,2020-12-29 Modality the question of what is possible and what is necessary is a fundamental area of philosophy and philosophical research The

Routledge Handbook of Modality is an outstanding reference source to the key topics problems and debates in this exciting subject and is the first collection of its kind Comprising thirty five chapters by a team of international contributors the

Handbook is divided into seven clear parts worlds and modality essentialism ontological dependence and modality modal anti realism epistemology of modality modality in science modality in logic and mathematics modality in the history of philosophy Within these sections the central issues debates and problems are examined including possible worlds essentialism

counterfactuals ontological dependence modal fictionalism deflationism the integration challenge conceivability a priori knowledge laws of nature natural kinds and logical necessity The Routledge Handbook of Modality is essential reading for students and researchers in epistemology metaphysics and philosophy of language It will also be very useful for those in related fields in philosophy such as philosophy of mathematics logic and philosophy of science

The Rational Ontological Argument Joshua R. Sijuwade,2025-02-20 By developing a new ontological argument for the existence of God Joshua R Sijuwade presents an innovative approach that enriches the existing discourse with fresh insights and a

contemporary perspective The ontological argument seeks to demonstrate the existence of God from an a priori standpoint and Sijuwade begins by addressing the substantial critique the modal argument has received He embarks on a rigorous exploration providing needed analysis and a positive iteration termed the Rational Ontological Argument rooted in a novel modal methodology known as Rational Modal Realism Using this new method Sijuwade focuses on demonstrating how the central concepts and theories within modal metaphysics and epistemology such as modal realism modal rationalism trope theory and ontological pluralism offer a means to develop a victorious ontological argument Employing contemporary analytic methods and suggesting productive directions for further research Sijuwade makes a key contribution to philosophy of religion and re invigorates the age old philosophical argument for the existence of God The Principles of Epistemology in Islamic Philosophy Mehdi Ha'iri Yazdi,1992-04-27 This book aims to present to western philosophers the most important theme in Islamic epistemology knowledge by presence the knowledge that results from immediate and intuitive awareness advocated by the author as a viable modern philosophical position Treating the subject in a thoroughly philosophical manner that is comprehensible to contemporary analytical philosophers he remains faithful to the Islamic tradition A Critical Account of the Philosophy of Kant Edward Caird,1877
