**Watching Anime, Reading Manga** Fred Patten, 2004 Anime's influence can be found in every corner of American media from film and television to games and graphic arts. And Fred Patten is largely responsible. He was reading manga and watching anime before most of the current generation of fans was born. In fact, it was his active participation in fan clubs and his prolific magazine writing that helped create a market and build American anime fandom into the vibrant community it is today. Watching Anime Reading Manga gathers together a quarter century of Patten's lucid observations on the business of anime, fandom, artists, Japanese society, and the most influential titles. Illustrated with original fanzine covers and archival photos. Foreword by Carl Macek. Robotech. Fred Patten lives in Los Angeles. Watching Anime Reading Manga is a worthwhile addition to your library; it makes good bathroom browsing cover to cover reading and a worthwhile reference for writing or researching anime and manga, not to mention a window into the history of fandom in the United States.
