[Effective Technology Tools for School Leadership](#) Leslie Jones, Eugene Kennedy, 2022-11-23 This book prepares educational leaders with the knowledge needed to critically evaluate, select, and use technological tools to be effective school leaders. Authors Jones and Kennedy explore the technology tools needed to support the full range of responsibilities of a school leader, including management and administration personnel, and evaluation, security, and safety, instructional leadership, organizational culture, and climate, external relationships, and action research. Each chapter unpacks advantages and pitfalls of various technological tools and includes case scenarios that contextualize these ideas for readers. Chapter content is also aligned with The Professional Standards for Educational Leaders (PSEL), the National Educational Leadership Preparation Standards (NELP), and the International Society of Technology Standard in Education (ISTE) standards. This timely and important book adds to the toolbox for educators preparing to become effective and cutting-edge school leaders.

**Assistive Technology: Shaping a Sustainable and Inclusive World** Georgios Kouroupetroglou, 2023-11-15 Caring about others and the future is part of what makes us human, and it can be argued that improving the lives of people with disabilities improves the lives of all human beings. Most of what we do as a society for people with disabilities also improves life for others, and if we consider a person's entire life, a disability of some kind will affect almost everybody at some point. This book, *Assistive Technology: Shaping a Sustainable and Inclusive World*, presents the proceedings of AAATE 2023, the 17th International Conference of the Association for the Advancement of Assistive Technology in Europe, held in Aubervilliers, France, from 30 August to 1 September 2023. For over 30 years, the biennial AAATE conference has focused on research aimed at improving the lives of people with a disability and has become one of the main platforms for all stakeholders in the field. A total of 123 papers were submitted in the category intended for publication in these conference proceedings, and after a rigorous process involving review by at least three international reviewers, 74 were selected for inclusion here. Topics

covered include service delivery of AT for various groups such as older adults children and those with cognitive disabilities mobility privacy and security issues and AT to promote inclusion and facilitate participation in education culture and work Providing a comprehensive and current overview the book will be of interest to researchers practitioners manufacturers decision makers and providers users of AT and anyone else working in the field
