Johnson, Steve Perrin, Steve Henderson, 2011 This book comprises a roleplaying game system, a framework of rules aimed at allowing players to enact a sort of improvisational radio theater only without microphones and with dice determining whether the characters succeed or fail at what they attempt to do. In roleplaying games, one player takes on the role of the gamemaster (GM) while the other players assume the roles of player characters (PCs) in the game. The gamemaster also acts out the roles of characters who aren't being guided by players; these are called non-player characters (NPCs). **Let's**

Basic Fantasy Role-playing Game, This is a new game with rules light mechanics designed for the kind of gameplay popular in the early days of role playing games. The look and feel is classic from the races, classes, spells, monsters, and magic items included down to the very typeface and layout chosen. This is Old School Modern. Game systems are heavy both in terms of the sheer weight of the books as well as the amount of players and Game Master must learn to play them. Here in this one volume are all the rules needed to create and run adventures the old-fashioned way. An experienced player can create and equip a character in under ten minutes and even a novice can be ready to play in under half an hour. Game Masters will find that the brief and simple rules for monsters and magic make the job of adventure creation just as easy. Combat can be completed by moderately experienced players with little or no need to stop and look up rules. Back cover *Play Unsafe* Graham Walmsley, 2009-01-20 Often we treat games like work. In this book, Graham Walmsley explores what happens when you throw the serious stuff away when you stop working, start playing, and put stories at the heart of your game.
