Money Talks Nina Bandelj, Frederick F. Wherry, Viviana A. Zelizer, 2020-06-09 The world of money is being transformed as households and organizations face changing economies and new currencies and payment systems like Bitcoin and Apple Pay gain ground What is money and how do we make sense of it Money Talks is the first book to offer a wide range of alternative and unexpected explanations of how social relations emotions moral concerns and institutions shape how we create mark and use money This collection brings together a stellar group of international experts from multiple disciplines sociology economics history law anthropology political science and philosophy to propose fresh explanations for money s origins uses effects and future Money Talks explores five key questions How do social relationships emotions and morals shape how people account for and use their money How do corporations infuse social meaning into their financing and investment practices What are the historical political and social foundations of currencies When does money become contested and are there things money shouldn t buy What is the impact of the new twenty first century currencies on our social relations At a time of growing concern over financial inequality Money Talks overturns conventional views about money by revealing its profound social potential *Business Process Management Workshops* Chiara Di Francescomarino, Remco Dijkman, Uwe Zdun, 2020-01-03 This book constitutes revised papers from the twelve International Workshops held at the 17th International Conference on Business Process Management BPM 2019 in Vienna Austria in September 2019 The third International Workshop on Artificial Intelligence for Business Process Management AI4BPM The third International Workshop on Business Processes Meet Internet of Things BP Meet IoT The 15th International Workshop on Business Process Intelligence BPI The first International Workshop on Business Process Management in the era of Digital Innovation and Transformation BPM in DIT The 12th International Workshop on Social and Human Aspects of Business Process Management BPMS2 The 7th International Workshop on Declarative Decision and Hybrid approaches to processes DEC2H The second International Workshop on Methods for Interpretation of Industrial Event Logs MIEL The first International Workshop on Process Management in Digital Production PM DiPro The second International Workshop on Process Oriented Data Science for Healthcare PODS4H The fourth International Workshop on Process Querying PQ The second International Workshop on Security and Privacy enhanced Business Process Management SPBP The first International Workshop on the Value and Quality of Enterprise Modelling VEnMo Each of the workshops discussed research still in progress and focused on aspects of business process management either a particular technical aspect or a particular application domain These proceedings present the work that was discussed during the workshops **The Truth About Little Red Dresses** Conrad Riker, Why do women s wardrobes control your wallet and your D N A Why do you spend 4x more on dates when she wears red How did equality become code for funding her 50K wardrobe while she laughs at your loyalty Why can t you stop chasing women who ll bankrupt your genes and your bank account 1 The forbidden science behind

red s power over your brain s limbic system 2 How corporations and feminists exploit biology to drain your resources 3 23% fertility illusions women trigger during ovulation and how to spot them 4 Why body positivity is a lie when waist hip ratios still rule your instincts 5 1B fashion empires built on men s D N A level programming 6 Escaping the simp tax that funds her Instagram orbiters 7 The 73% alimony trap hidden in courtroom red dresses 8 M G T O W tactics to reclaim 1 2M lost to hypergamy If you want to decode her scarlet playbook protect your genes and stop funding your own betrayal buy this book today

Make Elephants Fly Steven S. Hoffman, 2017-11-14 Drawing on examples of the hottest innovators in Silicon Valley this step by step guide will show you how to develop test and launch your impossibly big idea to success Almost every major company today has made innovation its number one priority Yet fewer than one in four executives believe their organizations are effective innovators The pressure to innovate and the price paid for failure keeps rising while most companies haven t progressed at all They are still using the same antiquated techniques pioneered decades ago This is why some of the biggest corporations in the world manage to lose entire markets to startups they ve never heard of In today s world everyone will need to innovate to stay competitive It doesn t matter if you re a startup founder corporate executive small business owner freelancer or professional there s a technology out there that s going to upend your industry And if you aren t able to harness it to your advantage someone else will Innovation is no longer an option it s the price of admission into the business world Make Elephants Fly is designed to help you implement the same innovation methodologies and processes as Silicon Valley startups It will teach you How startups come up with breakthrough products and services How to structure innovation teams The best ways to identify and vet new ideas What it takes to foster a culture of innovation How to establish a process of innovation throughout your organization By the time you ve digested this book you will have the tools needed to take your impossibly big idea and make it fly

Complex Networks X Sean P. Cornelius, Clara Granell Martorell, Jesús Gómez-Gardeñes, Bruno Gonçalves, 2019-03-05 This book aims to bring together researchers and practitioners working across domains and research disciplines to measure model and visualize complex networks It collects the works presented at the 10th International Conference on Complex Networks CompleNet in Taragona Spain March 2019 With roots in physical information and social science the study of complex networks provides a formal set of mathematical methods computational tools and theories to describe prescribe and predict dynamics and behaviors of complex systems Despite their diversity whether the systems are made up of physical technological informational or social networks they share many common organizing principles and thus can be studied with similar approaches This book provides a view of the state of the art in this dynamic field and covers topics such as group decision making brain and cellular connectivity network controllability and resiliency online activism recommendation systems and cyber security This text will appeal to students and researchers in the field

Run It Like a Business Aubrey Bergauer, 2024-02-06 Featured on Publishers Weekly 2024 Announcement Issue TEDx speaker Aubrey Bergauer the Steve Jobs of classical music reveals how to run a successful arts business in the

post pandemic era adapting for profit methods for not for profit goals In the US alone the arts are a 763 billion sector whose 100 000 organizations serve almost every community in the nation There s no reason arts organizations should struggle to make ends meet And now with arts tested strategies from Aubrey Bergauer they won t This foolproof guide shows how to reach new levels of engagement while always putting art first Running your arts organization like a business is your path forward to Grow audiences and keep them coming back again Make our organizations more inclusive Get younger attendees in the seats and on the donor rolls Generate millions more dollars in revenue Continue to create the art we love without the stress of figuring out how to afford it Just because arts organizations are non profits doesn t mean they shouldn t make money it means the money they make goes back to fund the mission whether that s music visual arts theatre dance or one of many other mediums that enrich our lives The for profit world knows how to achieve success across customer engagement user experience company culture the subscription economy technology and media new revenue streams and brand relevance Run It Like a Business provides a powerful proven framework to help all arts organizations revitalize their economic engines and ultimately serve the arts and its patrons

Higher Education's Road to Relevance Susan A. Ambrose, Laura A. Wankel, 2019-11-20 Explores the current context role and challenges of post secondary education and presents options for promising pathways forward The post secondary educational system has undergone dramatic changes and experienced immense stress in the past two decades Once regarded as the logical next step toward career opportunities and financial security higher education is a subject of growing uncertainty for millions of people across the United States It is more common than ever to question the return on investment skyrocketing cost and student debt burden of going to college Prospective students and many employers increasingly view attending institutions of higher learning as inadequate preparation for entering the 21st century workforce High profile scandals financial impropriety sexual abuse restrictions of free speech among others have further eroded public trust In response to these and other challenges leading voices are demanding strengthened accountability and measurable change Higher Education s Road to Relevance illustrates why change is needed in post secondary education and offers practical solutions to pressing concerns The authors internationally recognized experts in college level teaching and learning innovation draw heavily from contemporary research to provide an integrative approach for post secondary faculty staff and administrators of all levels This timely book helps readers identify the need for leadership in developing new networks and ecosystems of learning and workforce development This valuable book will help readers Understand the forces driving change in higher education Develop multiple pathways to create and credential self directed learners Promote access to flexible cost effective and relevant learning Adapt structures and pedagogies to address issues and overcome challenges Use an inclusive approach that extends to employers K 12 educators post secondary educators and policy makers among others Higher Education s Road to Relevance is a much needed resource for college and university administrators academic researchers instructors and other faculty and staff who support and
