College Football In The Us Sign In:

The End of College Football Nathan Kalman-Lamb,Derek Silva,2024-10-04 In this book Nathan Kalman Lamb and Derek Silva offer an existential challenge to one of America s favorite pastimes college football Drawing on twenty five in depth interviews with former players from some of the country s most prominent college football teams Kalman Lamb and Silva explore how football is both predicated on a foundation of coercion and suffused with racialized harm and exploitation Through the stories of those who lived it the authors examine the ways in which college football must be understood as a site of harm revealing how players are systematically denied the economic value they produce for universities and offered only a devalued education in return By illuminating the plantation dynamics that make college football a particularly racialized form of exploitation the book makes legible the forms of physical sacrifice that are required the ultimate cost in health and well being and the coercion that drives players into the sport and compels them to endure such abusive conditions

Loving

The Game When The Game Doesn't Love You Back Brandon Sweeney,2014-05-06 Each year thousands of athletes work hard to excel at their sport while sacrificing their time in hopes of one day playing professionally Some make it but many do not Most often we hear the stories of athletes that have succeeded However there are many more untold stories of great athletes who did not Brandon Sweeney shares his story of the setbacks he had to overcome when his dream of going to the NFL was shattered by a career ending injury It was a long process of readjustment for Brandon but he ultimately discovers his true identity and God given purpose Brandon wrote this book to motivate inspire and challenge athletes to recognize the importance of preparing for life on and off the field but ultimately to help others discover their full potential and their God given purpose beyond the game

Spirals Timothy B. Spears,2018-10-01

Ivy League football is a preoccupation in Timothy Spears s family history His grandfather Clarence Doc Spears was an All American guard at Dartmouth in the early twentieth century played on the Canton Bulldogs with Jim Thorpe became a College Hall of Fame coach and as the legend goes discovered Bronko Nagurski while driving through the backcountry of Minnesota His father Robert Spears captained Yale s 1951 team and was drafted by the Chicago Bears in 1952 By the time Timothy went to Yale in the mid 1970s it was more than talent or enthusiasm that prompted him to play football there Spirals tracks the relationship between college football and higher education through the lens of one family s involvement in the sport Ranging over almost a century of football history Spears describes the different ways in which his grandfather father and he played the game and engaged with its educational dimensions as the sport was passed from father to son This intergenerational history attempts to uncover what the males in Spears s family learned from playing football and how the

game's educational importance shifted over time within higher education. While Spears chose an academic life after college he understood later with the decline of his parents how much football stayed with him and shaped his family's history. With a voice that is part memoirist, part scholar, part athlete as well as father and son Spears discerns how football is embedded in our culture and came to be the fabric and common language of his family
