## New Vision For Management Education:

**Breakthroughs in Sustainable Business Education** Morgane Fritz, James Weichert, Isabel Rimanoczy, Linda Irwin, 2025-01-20 Around the globe faculty and higher education leaders are actively changing what they teach to create a sustainable world. This book shares how to transition to programs and courses that teach sustainable business management practices critical for success. Students are demanding more than the same business courses taught for half a century. Faculty are wondering if they have the expertise to include sustainable business practices. Easy to read and relatable, this book provides tactical ideas for transitioning from current business curriculum to courses for a sustainable future. It compiles insights and recommendations from 28 global experts who have put ideas into practice. Each chapter addresses integration of sustainability topics into existing subject areas and offers ideas for adding new courses or concepts to ground business in the context of the global socio environmental community. The book offers actionable ways that administrators and faculty can immediately begin transitioning their business curriculum to one that is socially and environmentally sustainable.

*The Future of Management Education* Martin R. Fellenz, Sabine Hoidn, Mairead Brady, 2022-04-07 To remain relevant, management education must reflect the realities that influence its subject matter management while at the same time addressing societal needs and expectations. Faced by powerful drivers of change many of which are amplified by the immense turbulence caused by the COVID 19 pandemic in early 2020, an assessment of where management education stands and where it is going is timely. This book brings together management education scholars, practitioners and stakeholders to identify trends and to critically analyse key challenges from their respective perspectives. They consider the requirements for providing relevant management education in the future and explore changes and opportunities around themes such as responsibility, sustainability, innovation, competitive strategy and technological change. The different perspectives of the authors contribute distinct insights and form a fascinating kaleidoscope of reflections on the present and predictions and prescriptions for the future of management education. The result is a comprehensive volume that will be essential reading for scholars and administrators committed to the growth and development of management education. It also will be of keen interest to management educators as well as management learners who will shape and be shaped by the management education of the future.

**Handbook of Sustainability in Management Education** Jorge A. Arevalo, Shelley F. Mitchell, 2017-06-30 This Handbook strives to enhance knowledge and application within sustainability in management education.
