The Great Power Competition Volume 6 Adib Farhadi, Mark Grzegorzewski, Anthony J. Masys, 2025-01-13 China's Belt and Road Initiative (BRI) represents a monumental shift in the global power landscape. Through ambitious infrastructure projects and strategic economic investments, China has emerged as a formidable challenger to U.S. dominance in the modern Great Power Competition (GPC). Leveraging a unique blend of soft power and non-interference policy, this distinctive strategy has allowed China to rapidly gain footholds in resource-rich regions such as Central Asia, South Asia, CASA, and the Middle East, compelling the U.S. to rethink its foreign policy approach in response. Given China's adept leveraging of soft power in these geostrategic regions, the critical question arises: how can the U.S. meet the nuanced challenges of the modern GPC? The Great Power Competition Volume 6: The Rise of China delves into China's calculated rise, exploring how the BRI has captivated nations spanning pivotal regions, entrenching Chinese influence across critical sectors. This edited volume brings together distinguished global experts and thought leaders to provide comprehensive analyses of China's expanding influence across economic, political, technological, and security domains. The collection of essays offers critical insights and recommendations for navigating the modern-day great power competition in an era defined by China's ascent. The book highlights China's BRI brand diplomacy and its strategic use of soft power and non-interference policy to reshape the geopolitical landscape. The authors' final analyses underscore that in the modern era of the GPC, strategic competition and soft power are deeply intertwined.

Court Uncourt - STA Law Firm STA Law Firm, 2015-01-05 Despite the fact that the Arabic world marks Al Hijra at the start of Muharram, the first month in the lunar Islamic calendar, and the Chinese community celebrate the Spring Festival at the turn of the Chinese lunisolar year in late January/early February, the Gregorian calendar's New Year marks a new beginning for millions of individuals across the globe. The way in which we celebrate this varies from place to place: in parts of South America, the colour of one's clothing is said to symbolize hopes and desires for the year to come (red for love, yellow for wealth); whereas in Spain, it is believed that consumption of grapes on the stroke of midnight will bring prosperity over the coming twelve months. The same may be said of wearing polka dots in the Philippines and burning torches and fireballs are believed to drive out the impurities of the dying year at the Scottish festival Hogmanay.
