### **Genre-Based Strategies to Promote Critical Literacy in Grades 4-8**

Danielle E. Hartsfield, Sue C. Kimmel, 2019-10-21 Draws on critical and radical change theory to equip both aspiring and practicing library and teacher candidates with practical research based ideas for enacting critical literacy practices in middle grade libraries and classrooms. *Genre Based Strategies to Promote Critical Literacy in Grades 4-8* provides strategies and lesson plans with additional resources and tools for school librarians and teachers to engage middle grade students in reading children's literature through a critical literacy lens. To be critically literate readers and thinkers students must learn to question what they read asking themselves who wrote the text why the text was written and how the text positions its readers and others. Teaching students how to read from a critical literacy stance is a timely and relevant practice in a world in which text is available instantly and on nearly any mobile device. In many cases preparation programs for school librarians and teachers do not teach candidates how to incorporate critical literacy practices in library and classroom settings. This book provides both pre service and in service school librarians and teachers with that professional development and guidance for teaching critical literacy in children's literature courses

### **Teachers as Curriculum Designers for Transcultural Communicative Competence**

Jennifer Eddy, 2025-08-21 What do language instructors consider when faced with new curriculum guidelines. How can teacher leaders encourage learner autonomy and creativity through relevant purposeful and novel pupil deliverables. How does this experience change how teachers view their profession. This book guides educators on design of MFL heritage and community language curriculum and assessment tasks providing a blueprint for any revision initiative even within a prescribed national context. This framework implemented with Curriculum for Wales engages teachers in design for spiral progression of intercultural themes within MFL heritage and community language curricula. It provides a model for other national curriculum initiatives to encourage uptake via creative task design for both teacher and learner autonomy. With language uptake a concern globally this book is applicable to any MFL or heritage language setting. This book includes voices from the field where teachers explain their process and how their teacher autonomy provided a model for their pupils and increased their confidence with languages.
