Narratives of Trauma in South Asian Literature Goutam Karmakar, Zeenat Khan, 2022-12-30 This volume addresses cultural and literary narratives of trauma in South Asian literature Presenting a novel cross cultural perspective on trauma theory the essays within this volume study the divergent cultural responses to

trauma and violence in various parts of South Asia including Sri Lanka Bangladesh Nepal and Afghanistan which have received little attention in literary writings on trauma in their specific circumstances Through comprehensive sociocultural understanding of the region this book creates an approachable space where trauma engages with themes like racial identity ethnicity nationality religious dogma and cultural environment With case studies from Kashmir the 1971 liberation war of Bangladesh and armed conflict in Nepal and Afghanistan the volume will be of interest to scholars students and researchers of literature history politics conflict studies and South Asian studies *Trans-ending polarities* Vellalar College for Women ,2023-03-14 A collection of research papers on multiplicities diversities and cosmos devoid of polarities compiled as a part of conference on trans ending polarities at Vellalar College for Women in collaboration with Pachyderm Tales *The Politics of Modern Indian Language Literature* MK Raghavendra,2024-04-16 Indian literature is produced in a wealth of languages but there is an asymmetry in the exposure the writing gets which owes partly to the politics of translation into English This book represents the first comprehensive political scrutiny of the concerns and attitudes of Indian language literature after 1947 to cover such a wide range including voices from the cultural margins of the nation like Kashmiri and Manipuri that of women alongside those of minority and marginalised communities In examining the politics of the writing especially in relation to concerns like nationhood caste tradition and modernity postcoloniality gender issues and religious conflict the book goes beyond the declared ideology of each writer to get at covert significations pointing to widely shared but often unacknowledged biases The book is deeply analytical but lucid and jargon free and to those unfamiliar with the writers it introduces a new keenness into Indian literary criticism to make its objects exciting *Causes and Symptoms of Socio-Cultural Polarization* Israr Qureshi,Babita Bhatt,Samrat Gupta,Amit Anand Tiwari,2022-03-22 This book explores cultural polarization resultant decline in social cohesion in society and how information and communication technologies exacerbate the cultural polarization through phenomenon such as echo chambers of information that damage the quality of online discourse This book examines the nature of the information that is shared Further this book identifies how the quality of online discourse and polarization induced through it leads to offline harm and negative outcomes in our society This book discusses how wide ranging information exchange on digital media can lead to two scenarios namely the formation of the public sphere or the formation of echo chambers While the public sphere which promotes greater diversity is a well researched domain substantially less research has been conducted on echo chambers in relation to sociocultural activities products or services This book states that polarization induced by the formation and evolution of echo chambers in sociocultural realm such as around epidemic outbreaks vaccination healthcare education and climate change is an emerging avenue of research due to its enormous impact in the shaping of our society Therefore this book argues that understanding the characteristics of sociocultural products related controversies is critical and valuable in developing interventions to reduce unhealthy societal and organizational polarisations The development of systematic knowledge is required to

understand and address such a large scale and complex societal challenge so as to facilitate a deeper understanding and offer solutions to the growing issue of polarization in sociocultural context driven primarily through echo chambers This book examines how technology enabled social media usage increases and the complex structural outcomes such as echo chambers are likely to have an increasingly important role in shaping public opinion This book appeals to readers with interest in developing a deeper and broader understanding of issues and initiatives related to the polarization of opinions on cultural products These include readers and scholars from various disciplines along with engaged organizational leaders activists policy makers and common citizens

The Saturday Review of Politics, Literature, Science and Art ,1881 *The Academy* ,1876 **Women and Death** Beth A. Bassein,1984-03-23 Bassein examines the pervasive linkage between women s sexuality and death in Western thought and literature and concludes that there is no reasonable basis for much of it She first explores how language reveals and reinforces the bond between women and death She then discusses traditional Christianity as a vehicle for perpetuating this tie and demonstrates that negative attitudes and brutality associated with women find expression in otherwise commendable works of art The author examines nineteenth and twentieth century fiction and poetry to show the different ways writers have handled women in sexual situations Bassein concludes that tracing the origins and prevalence of the automatic association and seeking alternatives help us recognize the irrational and unconscious tendencies that are at the basis of stereotype formation and tacit acceptance of brutality

Woman (PB) Perumal Murugan,2014-12-01 Kali and Ponna s efforts to conceive a child have been in vain Hounded by the taunts and insinuations of others all their hopes come to converge on the chariot festival in the temple of Ardhanareeswara the half female god Everything hinges on the one night when rules are relaxed and consensual union between any man and woman is sanctioned This night could end the couple s suffering and humiliation But it will also put their marriage to the ultimate test

Hmong Women and Reproduction Pranee Liamputtong,2000-08-30 Despite the fact that there are many Hmong living in the West especially in the U S France and Australia their voices are generally not heard This is particularly true for Hmong women Health and welfare professionals complain that there is a lack of knowledge about Hmong women s lives history health needs and reproductive customs This book is an important resource for those who treat Hmong women

An Introduction to Women's Studies Inderpal Grewal,Caren Kaplan,2002 This anthology for first and second year students introduces them to the history of key ideas in the modern period related to sexual difference gender race class and sexuality While most introductory Women s Studies textbooks focus on the United States even if they add multiculturalism to

the discussion this book looks at the history of important differences between women in diverse locations around the world and continually challenges students to think through the issues that are raised This transnational approach to understanding gender brings Women s Studies into an era of globalization and connects women s issues in the United States to women s issues elsewhere The book shows how colonialism and imperialism as they spread across the world shaped ideas about gender as much as other modern phenomena It addresses issues of power and inequalities and focuses on links and connections rather than commonalities The readings are truly interdisciplinary drawing upon scholarly work in many disciplines and interdisciplinary fields as well as non scholarly sources
