**We're Number One!?** Dennis W. Johnson, 2025-08-18 We're Number One America's Uncertain Standing in the World compares the domestic policies of the United States to other countries across a wide variety of social, political, and economic metrics. This book demonstrates conclusively that despite America's wealth, its strong economy, its military might, and its soft power dominance, we have far to go in comparison with other democratic industrialized nations. We may think we're Number One, but in too many key areas—health care, education, combating poverty, protecting the family, and so forth—we fall embarrassingly short. The shock to most readers won't be on one or more specific policy shortcomings, but on the cumulative rankings, chapter after chapter, showing where the United States has come up short. This book presents the facts and leaves to policymakers the challenge: how do we fix our broken health care system? how do we mitigate climate disasters? or how do we rein in gun violence? One answer is to look at the successful policies created in other countries. A refreshingly frank and thorough analysis of the United States' relative position in the world, this book will appeal to students, scholars, and practitioners of comparative politics, comparative sociology, public policy, social justice, and American government. **The**

**Romney** McKay Coppins, 2024-09-24 NEW YORK TIMES BESTSELLER In this illuminating and scoop rich biography the tell all tales rush forth Los Angeles Times offering a penetrating analysis of the ongoing Republican civil war through the eyes of one of its last embattled centrists Publishers Weekly Few figures in American politics have seen more and said less than Mitt Romney An outspoken dissident in Donald Trump's GOP he has made headlines in recent years for standing alone against the forces he believes are poisoning the party he once led Romney was the first senator in history to vote to remove from office a president of his own party When that president's supporters went on to storm the US Capitol Romney delivered a thundering speech from the Senate floor accusing his fellow Republicans of stoking insurrection Despite these moments of public courage Romney has shared very little about what he's witnessed behind the scenes over his three decades in politics in GOP cloakrooms and caucus lunches in his private meetings with Donald Trump and his family in his dealings with John McCain George W Bush Barack Obama Joe Biden Mitch McConnell Joe Manchin and Kyrsten Sinema Now Romney provides a

window to his most private thoughts Based on dozens of interviews with Romney his family and his inner circle as well as hundreds of pages of his personal journals and private emails this in depth portrait by award winning journalist McKay Coppins shows a public servant authentically wrestling with the choices he has made over his career In lively revelatory detail the book traces Romney s early life and rise through the ranks of a fast transforming Republican Party and exposes how a trail of seemingly small compromises by political leaders has led to a crisis in democracy A rare feat in modern day political reporting The New Yorker Romney A Reckoning is a redemptive story about a complex politician who summoned his moral courage just as fear and divisiveness were overtaking American life
