Bookie Gambler Fixer Spy Ed Hawkins,2013-07-04 A startling and powerful journey to the very core of India s illegal bookmaking industry that exposes the scale of corruption and the match fixing that now runs rife throughout world cricket For several years Ed Hawkins made friends with India s illegal bookmakers men who boast turnover of hundreds of millions of dollars per cricket match as well as the corruption officers of the International Cricket Council who are trying to shut them down It s a shady world and rumours abound But then Hawkins receives a message that changes everything and he decides it is time to expose the truth behind match fixing Bookie Gambler Fixer Spy is a story featuring politicians governing bodies illegal bookmakers and powerless players as well as corruption intimidation and even suicide It is a story that touches all cricket playing nations around the world It is a story that every cricket fan must read You might never again watch a cricket match without suspicion

Dutchman and the Devil Pat Parish,2013-01-23 For as long as I can remember treasure hunters have been captivated by accounts of the Dutchman Jacob Waltz s life and the whereabouts of his hidden gold mine Can any tale be more compelling than that long unsolved mystery of millions of dollars of gold lost deep in the Superstition Mountains Yes the REAL story that will keep you on the edge of your seat In Dutchman and the Devil The Lost Story I examine the tangled trail of truth and fiction that is Waltz s legacy and tell the tale of a man and his shadowy undiscovered partner who cheat connive manipulate and murder their way through the wicked old west leaving a trail of blood bodies and broken promises that over the years have been lost in the wake of the commonly accepted family friendly legend Friends who got a whiff of this story couldn t wait for the next chapter of the spectacular spaghetti western that sprang from my typewriter Be among the first to read my story of the Dutchman and the Devil but cross your heart and promise not to reveal its startling secret

Is That a Fact? Revised Edition Mark Battersby,2013-06-06 We are inundated by scientific and statistical information but what should we believe How much should we trust the polls on the latest electoral campaign When a physician tells us that a diagnosis of cancer is 90% certain or a scientist informs us that recent studies support global warming what should we conclude How can we acquire reliable statistical information Once we have it how do we evaluate it Despite the importance of these questions to our lives many of us have only a vague idea of how to answer them In this admirably clear and engaging book Mark Battersby provides a practical guide to thinking critically about scientific and statistical information The goal of the book is not only to explain how to identify misleading statistical information but also to give readers the understanding necessary to evaluate and use statistical and statistically based scientific information in their own decision making
