CompTIA Advanced Security Practitioner Exam CAS 002 was retired by CompTIA in 2019 and is no longer offered. For coverage of the current exam CASP CompTIA Advanced Security Practitioner Exam CAS 003 Third Edition, please look for the latest edition of this guide: CASP CompTIA Advanced Security Practitioner Study Guide Exam CAS 003 Third Edition 9781119477648. CASP CompTIA Advanced Security Practitioner Study Guide CAS 002 is the updated edition of the bestselling book covering the CASP certification exam. CompTIA approved this guide; it covers all of the CASP exam objectives with clear, concise, thorough information on crucial security topics. With practical examples and insights drawn from real world experience, the book is a comprehensive study resource with authoritative coverage of key concepts. Exam highlights, end of chapter reviews, and a searchable glossary help with information retention and cutting edge exam prep. Software offers electronic flashcards and hundreds of bonus practice questions. Additional hands-on lab exercises mimic the exam's focus on practical application, providing extra opportunities for readers to test their skills. CASP is a DoD 8570.1 recognized security certification that validates the skillset of advanced level IT security professionals. The exam measures the technical knowledge and skills required to conceptualize, design, and engineer secure solutions across complex enterprise environments, as well as the ability to think critically and apply good judgment across a broad spectrum of security disciplines. This study guide helps CASP candidates thoroughly prepare for the exam, providing the opportunity to master risk management and incident response, sharpen research and analysis skills, integrate computing with communications and business, review enterprise management and technical component integration. Experts predict a 45 fold increase in digital data by 2020, with one third of all information passing through the cloud. Data has never been so vulnerable, and the demand for certified security professionals is increasing quickly. The CASP proves an IT professional's skills, but getting that certification requires thorough preparation. This CASP study guide provides the information and practice that eliminate surprises on exam day.
