## New Wave Mental Maths Year 7:

New Wave Mental Maths Eddy Krajcar, 2015    **New Wave Mental Maths** Eddy Krajcar, 2002 New Wave Mental Maths is a series of six pupil workbooks written to provide a comprehensive and structured daily mental maths programme

**Mental Maths Strategies** Alan Parker, 2004 Mental Maths is the maths we do in our heads without the use of calculators and without writing down the calculation Mental Maths strategies are the tricks we use to do Maths in our heads There are different ways of finding the answer to any Mental Maths problem and such strategies are the focus of this series Even though calculators and computers play an enormous role in the modern world we still need to go back to the basics % we do need to know how to check that the sales assistant at the counter is giving us the right change Mental Maths has become more important than ever and new primary Maths syllabuses in Australia are reflecting this For example NSW has placed an emphasis on Mental Maths in its primary syllabus and even the Year 10 School Certificate examination has a compulsory non calculator section Features of this book include 32 double page units of Mentals are included % 8 units for each school term each unit is divided into four sets A B C and D of 20 questions each each numbered question covers particular Maths topics throughout the book for example Question 1 always covers addition while Question 20 always covers geometry a special eHelp section at the front of the book gives different strategies and explanations to help students solve Mentals problems These are also numbered so they link to the question numbers in each Ments unit a eFun Spot unit containing fun activities and a eRevision unit are included at the end of each 8 units extra practice sections which reinforce particular strategies appear in the lower part of each page Answers to all questions are in a lift out section in the centre of the book

Resources in education, 1987-04    *Department for Children, Schools and Families* Great Britain. National Audit Office, 2008 In 2007 the Department for Children Schools and Families commissioned Sir Peter Williams to undertake an independent review of the quality of primary mathematics teaching and his report was published in June 2008 This report evaluates in particular raising attainment and progress in mathematics and narrowing achievement gaps between certain pupils and their peers and the delivery and effectiveness of the Primary National Strategy's resources and interventions and their impact on pupil and school performance It was found that bringing greater structure and consistency to the way primary mathematics is taught the Strategy initially helped to improve test results at Key Stage 2 Since 2000 however attainment has levelled off It is too early to tell if the 2007 revisions to the Strategy will deliver the step change required The report makes recommendations on this basis
